## School Board Appropriation Sets Record

\$108,222 Increase For Year Result Of Teacher Levy

A record appropriation of \$775,152, some \$108,222.40 higher than the 1952 total of \$666,929.60, was approved Tuesday night by the Board of Education for the calendar year of 1953.

The appropriation resolution is based on estimated resources to be available to Salem, submitted by the Columbiana County Budget Commission.

Much of the sizeable increase is the result of a three-mill levy passed by the voters in May, 1951, which gave the teachers a \$400-a-year blanket raise and 10 per cent salary increase for other school employees.

Although passed in 1951, the two-year levy did not become effective until 1952, and much of that money is just becoming available to the board. The levy was designed to raise \$150,000.

The \$108,222 was appropriated largely, board members were told, to balance a present deficit in school funds caused by a lag in receiving funds due the board.

The board was forced to borrow \$220,000 earlier this year to meet bills and payrolls when the funds did not arrive.

The board at present owes the First National Bank \$115,000. Distribution of county tax funds from the county auditor's office was delayed because of the work involved in a county property reappraisal.

The reappraisal also helped increase the school appropriation.

A total of \$646,286 was appropriated for the general fund, appropriated single item of which was \$444,700 for instruction.

For the sinking fund, \$128,866 was allotted for bond retirement and interest on bonds.

A breakdown of the budget is as follows:

**GENERAL FUND** — Personal services, salaries, wages, administration (\$538,210) — Teachers' salaries, \$444,700, plant operation, \$65,500, administration, \$25,310, coordinate activities, \$2,700.

This represents an increase of \$43,100 over last year.

Supplies — \$42,400; materials for maintenance — \$5,000; contract and open order service — \$54,376; fixed charges and contributions, —\$6,300.

**SINKING FUND** — Bond retirement — \$70,000; interest on bonds —\$58,866.

## Rotary Names Clothing Drive Committees

Committees have been announced in the Rotary-sponsored clothing drive for the refugees of West Berlin to open here April 20.

Collection headquarters will be located in the former Firestone store building on S. Broadway. The Ladies committee will have a member at headquarters from 9 to 5 each day of the drive to receive clothing contributions and take phone calls.

The drive will close April 26 with a city-wide general drive.

Gene Young, general chairman of the clothing drive, announced his committees as follows:

Industrial — George Emery, chairman, Milton Steiner, Roy Fennema, Ray Stockton, Stephen Gonda and Victor Zerbs.

Residential — Hobart Butcher, chairman, Stephen Ross, James Fitzpatrick, Frank Huber, William Sponseller, Henry Anderson, Joseph Bryan and Russell Gibbs.

Suburban — Harry Krohne, chairman, Lester Burton, H. O. Stanley, Howard Firestone and Dr. William Howard.

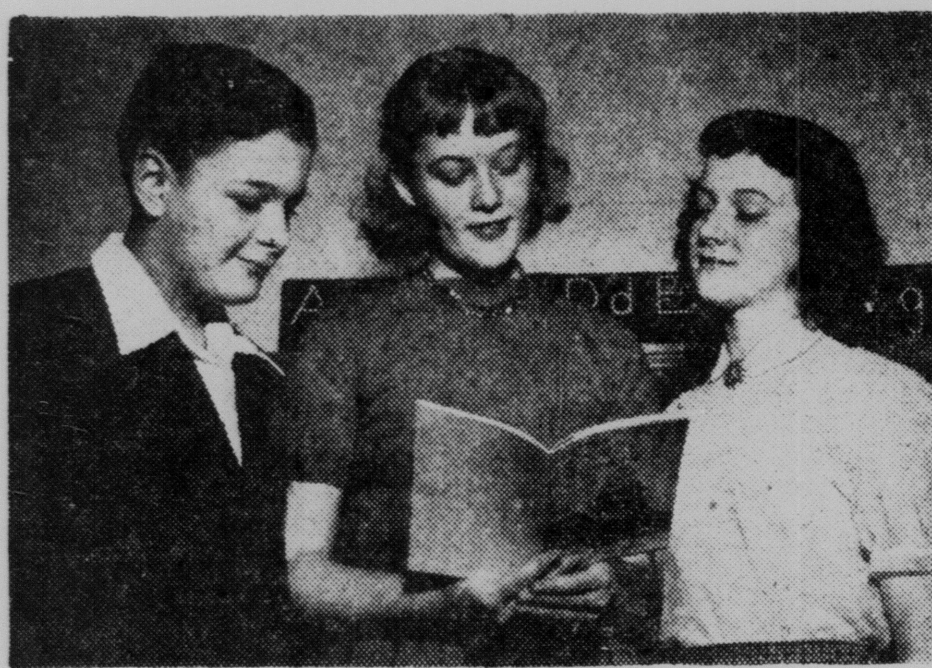

Packaging — R. S. McCulloch, Sr., Walter Deming, R. S. McCulloch, Jr., Earl Miller, Bryce Kendall, Alroy Bloomberg, George Perrault, Ewing Farrington, William Bodendorfer, Glenn Broomall, Kenneth Harsh, Walter Shuck, Thomas Moore, Thomas Hewitt, Henry Hurlburt.

Publicity — C. Robert Conroy, chairman, Ray Dea, Eldon Groves, T. J. Darling.

Ladies committee—Mrs. George B. Emery and Mrs. Eugene Young co-chairmen, Mrs. Robert Conroy, Mrs. Howard Firestone, Mrs. Homer Taylor, Mrs. Raymond Stiver, Mrs. Charles McCorkill, Mrs. Harold Musser, Mrs. Harry Krohne, Mrs. R. S. McCulloch, Mrs. Hobart Butcher and Mrs. L. W. King.

## Round & Square Dance

Perry Grange Hall Fri. April 10th. Benefit Swimming Pool Fund. Admission Adults 50c, Children 25c.

**BRUSH UP ON THE HARD ONES**—Three Leetonia School spelling bee winners look over a few of the hard words they may get when they compete with the winners from the exempted village school districts of Lisbon and Columbiana next Tuesday.

The three, (left to right) Ted Fickes, seventh grade; Jill Sanders, eighth grade; and Betty Ferguson, eighth grade, were winners in the bee held Tuesday evening at the monthly meeting of the Leetonia Patron-Teachers Association in Washingtonville school. Winner of the Columbiana-Leetonia-Lisbon bee next Tuesday advances to the district finals at Steubenville May 1.

## Merchants Agree To Help Pay Cost To Pave State St.

Salem's downtown retail merchants and store owners took steps of their own today toward the repaving of downtown East State St.

Meeting at noon today in the Chamber of Commerce rooms, the

retail merchants division of the Chamber agreed to assume the state's share of expense in repaving the rutted downtown thoroughfare since the State Highway Department has refused to act on any improvement program.

A petition was presented, bearing the signatures of 47 State Street merchants and owners of mercantile buildings, in which the signers agreed to "reimburse the city for the state's share of expense."

Alroy Bloomberg, head of the retail merchants division of the C. of C. presided at the meeting.

Letters explaining the entire program are being mailed to Mayor Harry Vincent and other city officials.

## Highway Dept. Criticized

The letter condemns the state highway department for its lack of action on the State Street improvement. Three main highways through the city, State Street, Main Street and Broadway, are in poor condition.

The state continually has ignored requests for financial assistance to pave the street, despite the fact that the hammering of heavy transient traffic has virtually pounded the downtown section to pieces.

The merchants point out that a six-inch concrete base is under the brick and asphalt top layer, and that this base is as good as the day it was first laid.

If the merchants' proposal is accepted by Salem city officials, the city would have to proceed with the re-paving on a full-cost basis and then be reimbursed by the merchants on a foot frontage plan to take care of what the state normally would pay toward the improvement, it is understood.

## Airman Klotzly Taken To Airport Hospital

Airman Second Class Joe Klotzly of RD 3, Salem, who was injured Monday morning when his car was forced off a road near Lisbon, has been removed from City Hospital to the Municipal Airport hospital at Youngstown.

Klotzly, who was enroute from March air force base, California, to Camp Kilmer, N. J., for overseas assignment, hit an embankment to avoid a head-on collision with another car.

Also injured was A-2c Robert Hahn, stationed at an air base near Nashville, Tenn. He has been given an extension of his furlough to recuperate.

## One Fire Victim In Poor Condition

Paul Jack, 8, one of the two persons who survived a bus-house fire which took six lives Monday evening near East Palestine is in poor condition. City Hospital authorities said this morning. Mrs. Beon Hinkle, 24, the second survivor, has improved slightly.

Columbiana County Coroner E. R. Sturgis ruled this morning that the six deaths were accidental by fire.

The six that perished were: Beon Hinkle, 35, his three children, Bradford, three, Joyce, 18 months, and Bobby, four, and Mrs. Patricia Jack, 25, and her son, Albert, three.

# Reds Ready To Trade 600 Disabled POWs

Funds \$17,000 Higher Than '51

## Spending Caution Urged As Council OKs Appropriation

The \$511,820 annual appropriation ordinance passed by City Council Tuesday night, including the water works fund appropriation ordinance passed in February, totals approximately \$17,000 more than the combined sums appropriated for operating the city last year.

In February Council passed the

water fund appropriation totaling \$174,984.40, at the request of the water department, and last night the lawmakers adopted the remainder of the budget, amounting to \$336,836.28.

The total budget for this year amounts to \$511,820.68 as compared to \$494,072.68 in 1952.

## City Keeps Ledger Black

City Auditor Helen Coyne said today that the city, despite expectations in the middle of last year, had managed to survive its financial crisis and emerged in the black at the end of the year, with a moderate cash balance.

This balance, however, was included in this year's appropriations, she said, and whether or not the city can emerge in as good shape at the end of 1953 depends upon all departments continuing to exercise caution in their spending.

A breakdown of the money appropriated shows approximately \$10,000 more was set aside for water department use this year compared to last year and much higher sums allocated for street maintenance.

The parking meter fund was cut from \$12,177 last year to \$5,500 this year. Finance Committee Chairman Fred Koeneich said this was done because money to pay the traffic patrolmen and the police cruiser cost would be taken out of the general fund this year instead of the parking meter fund as had been the case when 1952's budget was set up.

The complete breakdown of the budget is as follows:

## General Fund

Total \$24,301, including: Council, \$2,610; clerk, \$680; mayor, \$4,860; auditor, \$4,100; treasurer, \$904; solicitor, \$4,550; advertising, \$1,625; damages and courts, \$1,250; civil service, \$422, and miscellaneous, \$3,300.

## Safety Fund

Total \$89,840, including: General administration, \$7,190; sanitary administration, \$50; fire alarm system, \$150; police, \$44,275; firemen, \$44,645, and humane officer, \$720.

## Health Fund

Total \$10,340, including: General officer, \$3,000, and quarantine, \$150.

## Service Fund

Total \$70,068, including: General administration, \$4,783; engineering, \$1,850; sidewalks, \$2,000; street lighting, \$12,500; sewers (total), \$31,500; public parks, \$10,000; public lands and buildings, \$7,400, and city scales, \$35.

## Water Work Fund

Passed in February, total, \$164,635.80.

## Street Maintenance—Motor Vehicle

Total \$35,000

## Gasoline Tax Repair

Total \$41,075.

## Parking Meter Fund

Total \$5,500.

## Police, Fire Pensions

Total (each) \$9,189

## Bond Retirement

Total \$39,163.25.

## Special Assessment Bond Retirement Fund

Total \$1,043

## Planning Survey, City Portion For New Sanitary Sewer Project

Total \$2,128.03

Grand total \$511,820.68.

## Pike Commission May Be Probed

Charges Leveled Before Assembly

COLUMBUS, O. (AP)—The Senate Finance Committee considered today whether to authorize an investigation of claimed maladministration, chicanery and rigged specifications by the Ohio Turnpike Commission.

Sen. Fred W. Danner (R-Summit) leveled the accusations in support of his bill to create a six-member Senate-House group to make the inquiry.

He took an hour to recite complaints about the commission at the finance committee's first hearing on the bill Tuesday night. Chairman Tom V. Moorehead (R-Muskingum) said another hearing will be held later.

Danner said he lacked evidence of any criminal action by the turnpike commission. But he said people have lost confidence in the group created to build a 241-mile toll super-road across Northern Ohio. And he said holders of some of the 236 million dollars worth of revenue bonds issued to finance the turnpike wondered whether they should sell them.

An investigation, Danner asserted, might prevent what he described as similar mistakes in the future. "We may find some losses are recoverable," he said.

Danner said the commission paid 8 million dollars to market its bonds when they could have been sold through the chairman's office without that expense.

## Almost None Available

The Akron man said he attempted to buy bonds when bankers put them on sale and learned that virtually none was available to the public.

Danner read a letter from Dennis E. Murphy of Columbus, vice president of the Ohio Company, an underwriter. The senator said the letter confirmed his complaints about the scarcity of the bonds for the public.

"The men who were the advisers were also the purchasers," he claimed.

Murphy was a spectator at the hearing.

Danner also criticized the full bond issue at one time. He said bonds should have been issued as needed to save interest. The senator estimated the annual interest cost at 10 million dollars and said

## Auto Workers Get Wage Cut Under Cost Of Living Contract

DETROIT (AP)—A penny-an-hour cost of living pay cut was extended today to more than half a million auto workers.

The Ford Motor Co., following the lead of General Motors, announced the pay cut for its approximately 120,000 production employees.

GM, employer of 397,000 hourly rated workers, took the step Tuesday as the first producer in the auto industry to make the move.

Another half million auto workers face the same amount of reduction.

The pay cuts, effective April 13, are in line with the industry's five-year contracts with the CIO United Auto Workers which are tied to the government's cost of living index.

Both Ford and General Motors ordered proportionate reductions for their more than 10,000 salaried employees.

Ford said its proportional pay cut for salaried workers would be \$5.25 quarterly.

The cut was based on the cost of living as of Jan. 15 as computed by the government's Bureau of Labor Statistics under the so-called "old style" index.

The International Harvester Company in Chicago also announced a 1-cent pay decrease based on the "old style" cost-of-living index. The decrease, to be effective Monday, covers 75,000 Harvester employees at 15 plants in Illinois, Kentucky, Indiana, Tennessee and Ohio.

## 2 To Be Hired For Sewer Work

Injury To Mayor Reported To Council

City Council Tuesday night passed an amendment to the salary ordinance to provide for the hiring of two additional employees, necessitated by additional work entailed by the passage of the sewer rental tax.

The lawmakers approved another ordinance appropriating \$1,000 from the general fund on a temporary basis to pay the wages of the new employees until revenue is received from the sewer tax, at which time the money will be returned to the general fund.

The new employees will serve in the capacities of clerk in the water department collection office (salary \$160 a month) and inspector-recorder (salary \$250 a month).

The inspector-recorder will work in the engineering department, overseeing all sewer connections, keeping all records up to date and performing the other duties created by the passage of the sewer rental tax.

Since the position is a new one, its salary has been designated as a temporary one until the job has been evaluated.

## Pottery Gets Right-of-Way

Council passed an ordinance vacating and relinquishing all rights to the Salem China Co. property along the Pennsylvania railroad tracks which the company has permitted to be used as an employee and service right of way. In return, the company will grant the city a right of way on its property for the installation of its new sanitary sewer line.

Council approved the extension of E. Third and Cleveland Sts. east to an alley alongside the Nurses Home as dedicated streets with the provisions that the streets be

## Publisher's Yacht Sinks Off Florida

PASS-A-GRIFFE, Fla., A 100-foot cabin cruiser snagged a hole in its bottom and sank in shallow water off this gulf coast resort town today.

Residents brought the seven passengers and six crew members to shore in small boats. No one was hurt.

The yacht, "Robin" is owned by Roy D. Moore, president of the Brush-Moore Newspapers, Canton, O. It had made only about 15 miles of a trip from St. Petersburg to New Orleans.

In the mouth of Tampa Bay, about a mile west of the tip of Pass-A-Grille beach, the Robin hit some underwater obstruction. It began taking water fast and Capt. W. E. Gatewood, Norfolk, Va., turned back toward port.

Unable to make harbor, the craft was beached on Mud Key, just off Pass-A-Grille, and settled to the bottom in 6-8 feet of water. It was not learned immediately how long it would take to repair the craft. Moore indicated he and his party would return to Canton by train or plane without waiting for the repairs.

## Six Motorists Pay State Patrol Fines

Six drivers arrested by the State Patrol for traffic violations were fined \$178 and costs in the mayor's court Monday and yesterday.

Fined were Darrel E. Shobe, 30, of Sapula, Okla., \$10 for speeding; Joseph Wikowski, 30, of Browns Mills, N. J., \$62 for truck overload; Robert J. Stauffer, 38, of Canton, \$51 for overload.

Robert C. Burton, 35, of RD 1, Salem, \$10 for speeding; Willie A. Jones, 53, of Washington, D. C., \$15 for failure to give proper signal when passing; and Joel R. Taylor, 20, of Sebring, \$30 for reckless operation.

## Board Unble To Act On Teachers Pay

The Board of Education last night decided to hold up action on teachers' salary increases until the school system's financial picture is cleared up, possibly in June.

Board members expressed a desire to go along with the teachers on a wage boost, although they were unable to take any action at this time.

The Salem Teachers Association, at a meeting March 18 with Supt. of Schools E. S. Kerr and board finance committee members O. A. Naragon and R. W. Campbell, requested an increased salary scale of \$2,200 minimum and \$5,020 maximum against the present scale of \$2,000 minimum and \$3,800 maximum.

Because of the delay in receiving funds from the county, and because of uncertainty as to what action the state legislature will take on school appropriation, the board felt it should wait until it had a clear view of what money was available.

Miss Sarah Wilson and Eugene Clewell represented the teachers at last night's meeting.

The teachers group has urged the board to place a levy on the November ballot to secure funds needed for the increase, if no other money is found to be available.

## Two Firemen Off Duty

Fire Chief Clarence W. Wright reported today that two of his firemen are off duty, leaving him short three men.

Fireman Rudolph Herndon is at home with a broken shoulder he sustained when he fell off a truck. Michael Welsh is ill at his home.

## Ohio Bell Workers Study Wage Proposal

One hundred and twenty-five non-supervisory employees of the Ohio Bell Telephone Co. in Salem will benefit from a wage increase if the CIO Communications Workers accept a company offer submitted yesterday.

The union leaders in Cleveland are studying the proposal which would give 17,000 Ohio Bell workers \$1.50 to \$2.50 a week more in their pay checks.

The offer was the first in five weeks negotiations on a union-company contract to replace one which expires Sunday.

## Figure Termed As "Incredibly Small" By U.N.

Only About 100 Are Americans; Recount Is Asked

MUNSAN, Korea (AP)—The Communists today said they are ready to send home 600 disabled prisoners of war—a figure that includes only 150 Americans and other U. N. soldiers. The chief Allied negotiator asked for a recount, and added: "I have hopes we will get more."

Observers here predicted that only slightly more than 100 Americans will be exchanged.

Rear Adm. John C. Daniel told the Communists their figure was "incredibly small," and asked "that you have these figures reviewed." He said later, however, that "I have no reason to believe at the present time that they are not acting in good faith."

## Offered 5,800

The U. N. Command offered to return 5,800 sick and wounded Communists—5,100 North Koreans and 700 Chinese. This is 7 per cent of the 83,000 pro-Communist prisoners and 4 per cent of all prisoners held by the Allies. The Communist figure of 600 is 5 per cent of the 12,000 to 13,000 U. N. and Korean prisoners the Reds have said they hold. Both sides named lower-level staff officers to work out administrative details of the exchange. The U. N. Command appointed Col. William B. Carlock of Galveston, Tex.; Air Force Col. Douglas Cairns of Riverside, Calif.; and South Korean Col. Lee Soo Yung. The Communists named North Korean Col. Lee Pyong Il and Chinese Col. Wang Ching.

## Staff In Session

The staff officers went into session immediately after the liaison groups adjourned for the day.

Daniel asked the Communists for a complete revised text of the whole draft agreement on transfer of sick and wounded so the U. N. Command could consider any changes "in one package and arrive speedily to the items which are controversial." The Communists have agreed to the main points of Daniel's plan, and said they will submit their versions of the rest.

The Allied protest on the Communist offer was the stiffest statement yet made in the three-day-old conference. It was the first note of discord in the otherwise smooth negotiations which Tuesday resulted in agreement in principle to exchange disabled POWs.

North Korean Maj. Gen. Lee Sang Cho told Daniel: "We have offered the figures of sick and injured prisoners of war only after we have checked the matter in detail. Accordingly, I cannot find any reason why the figures are incredibly small."

Daniel told newsmen the figure is "controversial."

"It depends on what category you put them in," he said. "In other words, how sick is a man?"

Of the 600 alleged prisoners the Communists offered to return, 450 would be South Koreans. The rest would be Americans, British, French, or other U. N. soldiers.

U. N. sources said possible reasons for the relatively few prisoners the Reds will return include:

1. The Communists are not as liberal in defining sick and wound-

## Washington Studies Plans For Permanent Peace For Korea

WASHINGTON (AP)—Plans to make a permanent peace for war-torn Korea and perhaps negotiate with the Communists on other critical Far Eastern issues are being studied by the State Department.

## Dems Tighten St. Louis Grip

### Roll Up Unprecedented Plurality In Election

ST. LOUIS (AP)—The Democrats tightened their grip on the City Hall here today by an unprecedented vote plurality in the nation's first major city election since the Republican presidential victory last November.

Their candidate for mayor, Raymond R. Tucker, swamped Republican Carl G. Stifel yesterday. He ran up an all-time margin of 61,433 votes in a St. Louis mayoral election. A Republican in 1945 was elected mayor by a 54,000-vote edge.

Unofficial returns from all of the 795 precincts in St. Louis gave Tucker 143,640 votes to 82,207 for Stifel.

St. Louis has 393,235 registered voters.

Tucker, a 56-year-old engineering professor on leave from Washington University here, was seeking his first elective office after 20 years in civic jobs. He had attracted national attention as anti-smoke director here and was far better known than Stifel, a real estate man.

Both major political parties had attached national significance to the election by sending top figures here.

Democrat Adlai Stevenson polled a 90,000 majority here last fall but his plurality fell short of Tucker's percentage. Tucker received 63.6 per cent of the vote, compared with Stevenson's 62 per cent.

Riding the landslide with Tucker yesterday were incumbent City Comptroller Milton Carpenter and 11 of the 14 Democratic candidates for alderman. That gave the Democrats a gain of three seats on the Aldermanic Board and allowed them to retain control.

## Watch For Children, Patrol Urges Drivers

"Children, like flowers, come out in the spring."

With these words Cpl. E. W. Mallory, officer in charge of the Salem State Highway Patrol barracks, warned local motorists to be on the alert for children on bicycles and on foot.

Cpl. Mallory spoke on behalf of the Child Pedestrian and Bicycle Safety Campaign being conducted this month by the State Highway Patrol in cooperation with the National Safety Council.

He especially warned motorists to be on the alert for children, either on foot or on a bicycle, tricycle or other vehicle, suddenly darting into the roadway from driveways, from behind parked cars and at intersections.

Cpl. Mallory listed four suggestions for motorists to put into practice this month and every month:

1. Be on the alert in zones where children might naturally be expected. Residential areas, school zones, playground areas, athletic fields, vacant lots — these are potential danger-spots.

2. Watch carefully for children on tricycles, roller skates, wagons, scooters, bicycles. Unpredictable on foot, children are even more unpredictable on wheels.

3. Give the child a "brake" — and resist the temptation to hank your horn. A sudden blast from an automobile horn can throw a child already in danger into a panic.

4. Remember every minute you are driving, especially where children may be found — always expect the unexpected from children.

### APPEALS DEATH SENTENCE

CINCINNATI (AP)—The appeal of Mrs. Dovie Dean, under sentence of death for the poison-murder of her husband, is to be heard in Batavia, O., April 21. The First District Court of Appeals set the date Tuesday.

**SNOW QUEEN** — Ileana Satterlee, of Honolulu, won out over 15 other University of Hawaii co-eds for the title of Snow Queen. She will reign over the Waikiki Snow Festival when the cold white stuff is brought to the famous beach from the top of Mauna Loa, famed volcano.

### STRIKE CLOSES PLANT

YOUNGSTOWN, O. (AP)—United States Steel Corp. started banking the six blast furnaces at its Ohio works and McDonald plant today because of a wildcat strike by 100 employees on the railroad serving the plants. Walkout on the Youngstown and Northern Railroad was staged Tuesday by switchmen and engineers belonging to the Brotherhood of Railroad Trainmen. The dispute involved pay, but details were not disclosed.

## No Controversy Seen In Wilson Munitions Plan

WASHINGTON (AP)—Secretary of Defense Wilson's reported proposals to spend less on the expansion of munitions plants and to emphasize production of weapons, which looked like a sure thing controversy, smoothed out today into scarcely a ripple.

Officials of the Office of Defense Mobilization (ODM)—which favors building a broad industrial "base" for swift mobilization, including standby plants and equipment—and other administration aides said privately:

1. President Eisenhower intends to make personally the final decisions on both mobilization policy and military spending. This rules out any civilian-versus-military contest of power.

2. ODM people favor some of Wilson's ideas, admit that some of ODM's original plans were over-ambitious, and profess to see no reason why Wilson's views cannot be reconciled with theirs.

They yield not an inch, however, in the position that adequate armament capacity, ready to produce on short notice, is a "must" for national security and does not exist today. All parties are content, it was indicated, to let the President shape the military programs to suit the developing international situation as he sees it, and the country's strategic plans.

A world population of four billion in the year 2000 probably will have enough to eat, but this mostly will be because of better use of lands now under cultivation.

### Sheep Raisers Plan Meeting For Tuesday

LISBON — Ralph Grimshaw of Ohio State University will discuss and demonstrate various phases of sheep management at a meeting of sheep men from Columbiana, Mahoning and adjoining counties April 14 at 1 p.m. at the John Morris farm at Signal.

John Raley of Signal, chairman, said spraying for parasite control, drenching, docking, shearing and other practices will be demonstrated.

The affair has been arranged by a committee of sheep men from Columbiana County.

### County Field Day For Farmers Aug. 5

Floyd Lower, Columbiana County extension agent, announces the annual County Field Day will be held Aug. 5 at the E. S. Lowmiller farm in West Township.

Implement dealers will exhibit and demonstrate equipment and hay and pasture will be emphasized in the event.

Chester Roof of Salem is general chairman of the event.

### McCarthy Probes Red Books In Libraries

WASHINGTON (AP)—Sen. McCarthy (R-Wis.) asked Secretary of State Dulles yesterday to name persons responsible for placing books by Communist authors in overseas libraries operated by the U. S. government in the cold war effort.

McCarthy's investigations subcommittee, investigating the overseas libraries, has heard testimony they contain books by more than 70 Communists.

### SCHOOLS TO MERGE

DAYTON, O. (AP)—Bonebrake Seminary Tuesday approved merger of the school with the Evangelical School of Theology at Reading, Pa. Dr. Walter N. Roberts, Bonebrake president, said the merger will take place on the Dayton campus July 1, 1954.

# PLYMOUTH ANNOUNCES HY-DRIVE

the newest, smoothest  
**NO-SHIFT DRIVING**  
in the lowest-priced field!

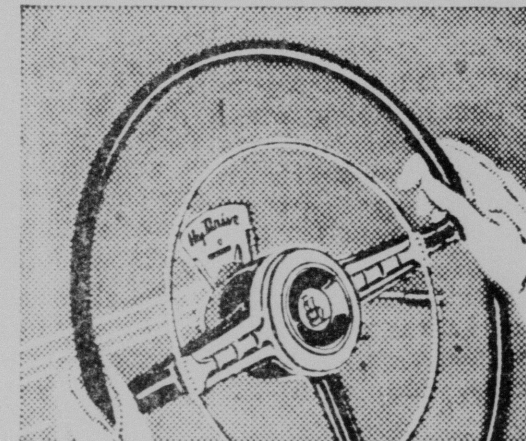

Drive without shifting! Drive with new smoothness!  
Drive with Plymouth's sensationally new HY-DRIVE!  
Nothing new to learn—HY-DRIVE makes driving easier than ever! Plymouth's new HY-DRIVE is available now for the 1953 Plymouth of your choice—at the lowest cost of any no-shift unit in the lowest-priced field!

HY-DRIVE takes to the hills! No need for a long running start. Just feed more gas; HY-DRIVE instantly provides the extra power your car needs to take steep grades without slowing down. HY-DRIVE also gives you braking action coming down a hill.

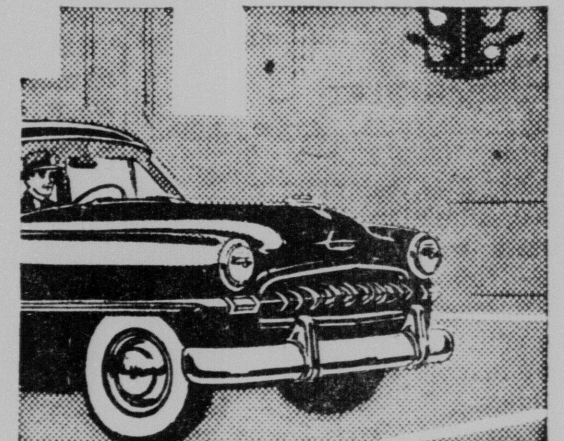

Stay where you stop with HY-DRIVE. On an upgrade like this HY-DRIVE lets you keep your hands on the wheel, your foot on the accelerator. There's no need to use the parking brake—just speed up your engine a trifle to offset the backward pull of the slope.

HY-DRIVE is easy to use! Start the engine with the lever in neutral. Simply move the lever into high, and you're in HY-DRIVE! In traffic, starting or stopping, cross-town or cross-country, HY-DRIVE lets you drive without shifting—just brake or accelerate!

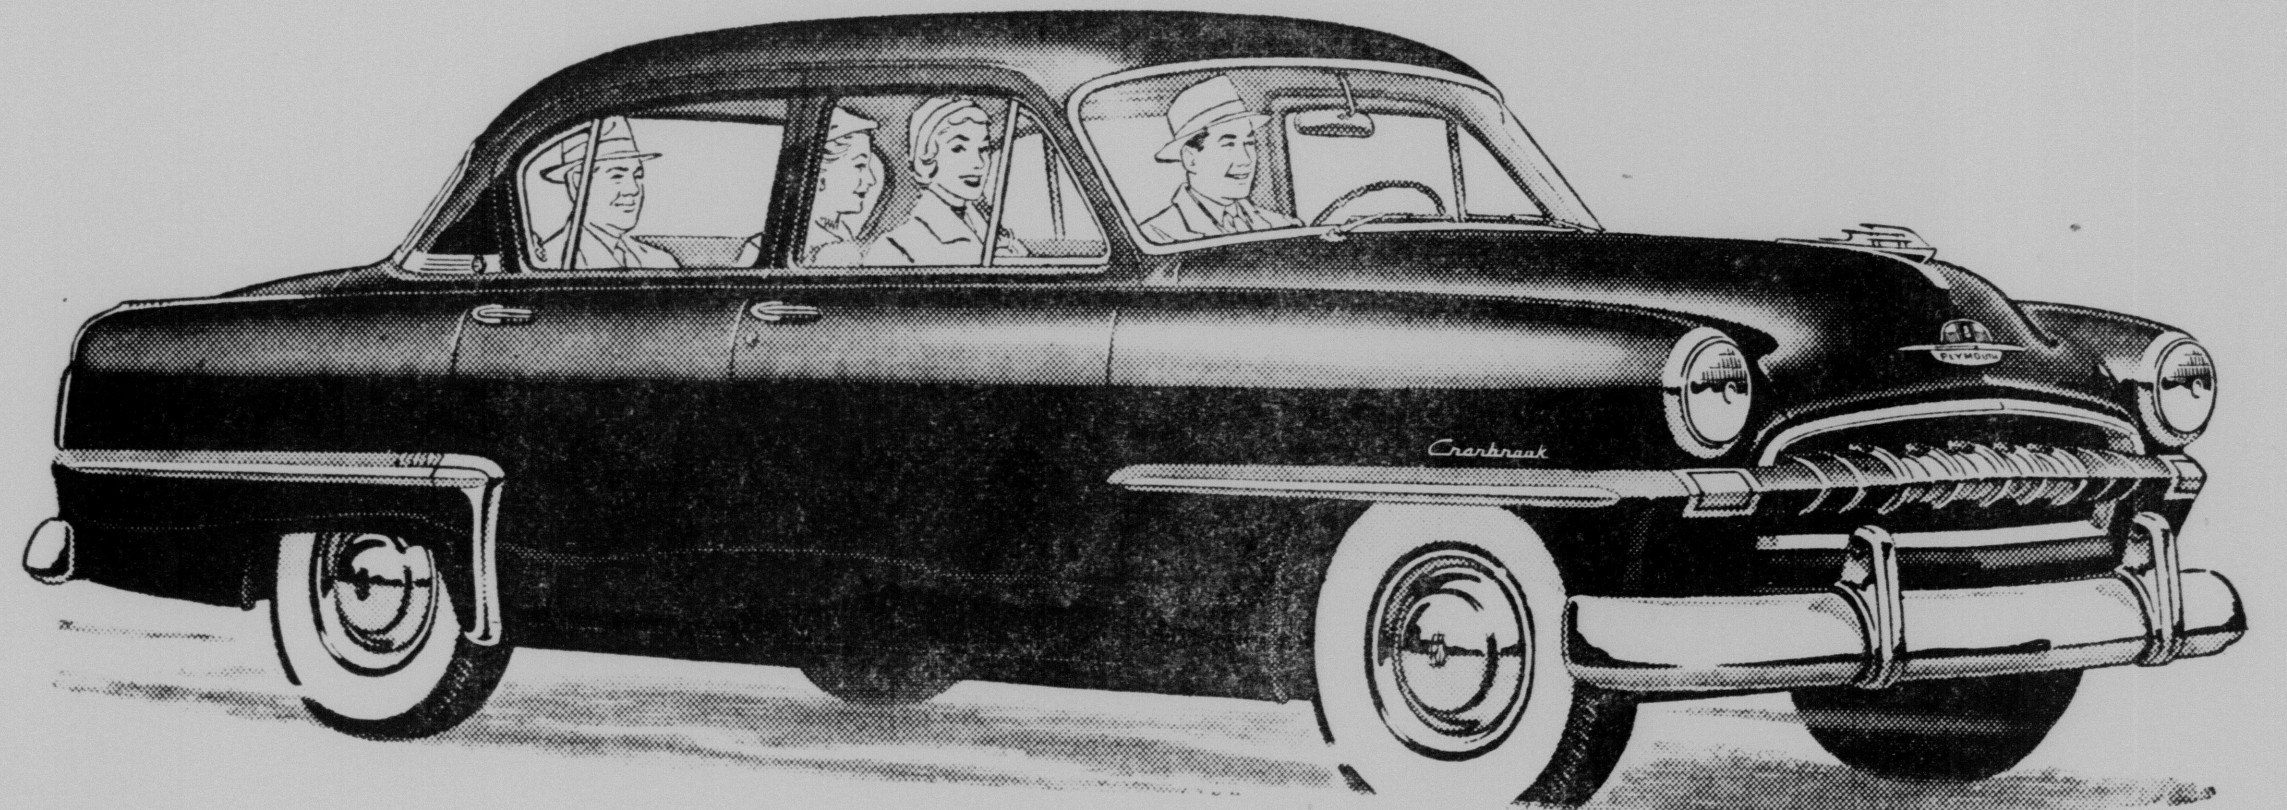

Feel fresh, all day long, with HY-DRIVE! It takes so little effort to drive with HY-DRIVE. There's no "traffic fatigue" from continually working up and down through conventional gears. You drive with new ease, new sureness, and HY-DRIVE saves your energy!

HY-DRIVE starts smooth, stays smooth! From standstill to cruising, there's never a lurch or jerk as your speed increases; no lagging engine action. When your toe says "go," you're off and away with HY-DRIVE's fast, powerful response!

HY-DRIVE gives you better control. Because HY-DRIVE applies power to the rear wheels smoothly, you get better traction on icy, wet or slippery streets. For rocking out of deep mud or snow, your low and second gears are there, with the normal clutch control.

Plymouth's new HY-DRIVE is an advanced torque converter development; a simple, self-contained unit that never needs adjustment, special care, or expensive upkeep. Your nearby Plymouth dealer invites you to drive a new Plymouth equipped with new HY-DRIVE—to see for yourself how much HY-DRIVE smoothness and ease will add to your driving pleasure. Why not see him today?

## Taft Sees Ike Victory In '56

Senator Approves Hall As GOP Chief

WASHINGTON (P)—Sen. Taft (R-Ohio) predicted today that President Eisenhower will run again in 1956 and be re-elected.

Persistent, although unverified, reports have circulated in Washington that Eisenhower wants only one term. He told a news conference Feb. 25 he had probably made as many facetious remarks on the subject as his friends could bear and wasn't ready for a serious declaration.

Taft, the Senate majority leader, said in an interview he never had heard any one-term suggestion from the President or his intimates. Taft said that in any event he firmly believes Eisenhower will be convinced he ought to seek a second term when the time comes.

"It will be inevitable that the pressure will build up on him from within the party," Taft said. "When the party has a man in the White House the pressure always builds up to keep him there."

"When the time comes, the President will be told that only by running again can he prevent a split in the party and make sure of its success at the polls."

Taft's comment came after he had agreed, evidently somewhat reluctantly, to the choice of former Rep. Leonard W. Hall of New York as Republican national chairman—a selection expected to be ratified by the national committee here Friday.

It is an open secret among the Ohio senator's intimates that Taft would have preferred a chairman less closely identified than Hall is with Gov. Thomas E. Dewey of New York, the 1944 and 1948 GOP presidential nominee.

Taft apparently based his acceptance on a belief that Eisenhower is going to continue to dominate party policy for the next eight years.

### Jailed In Revolt Plot

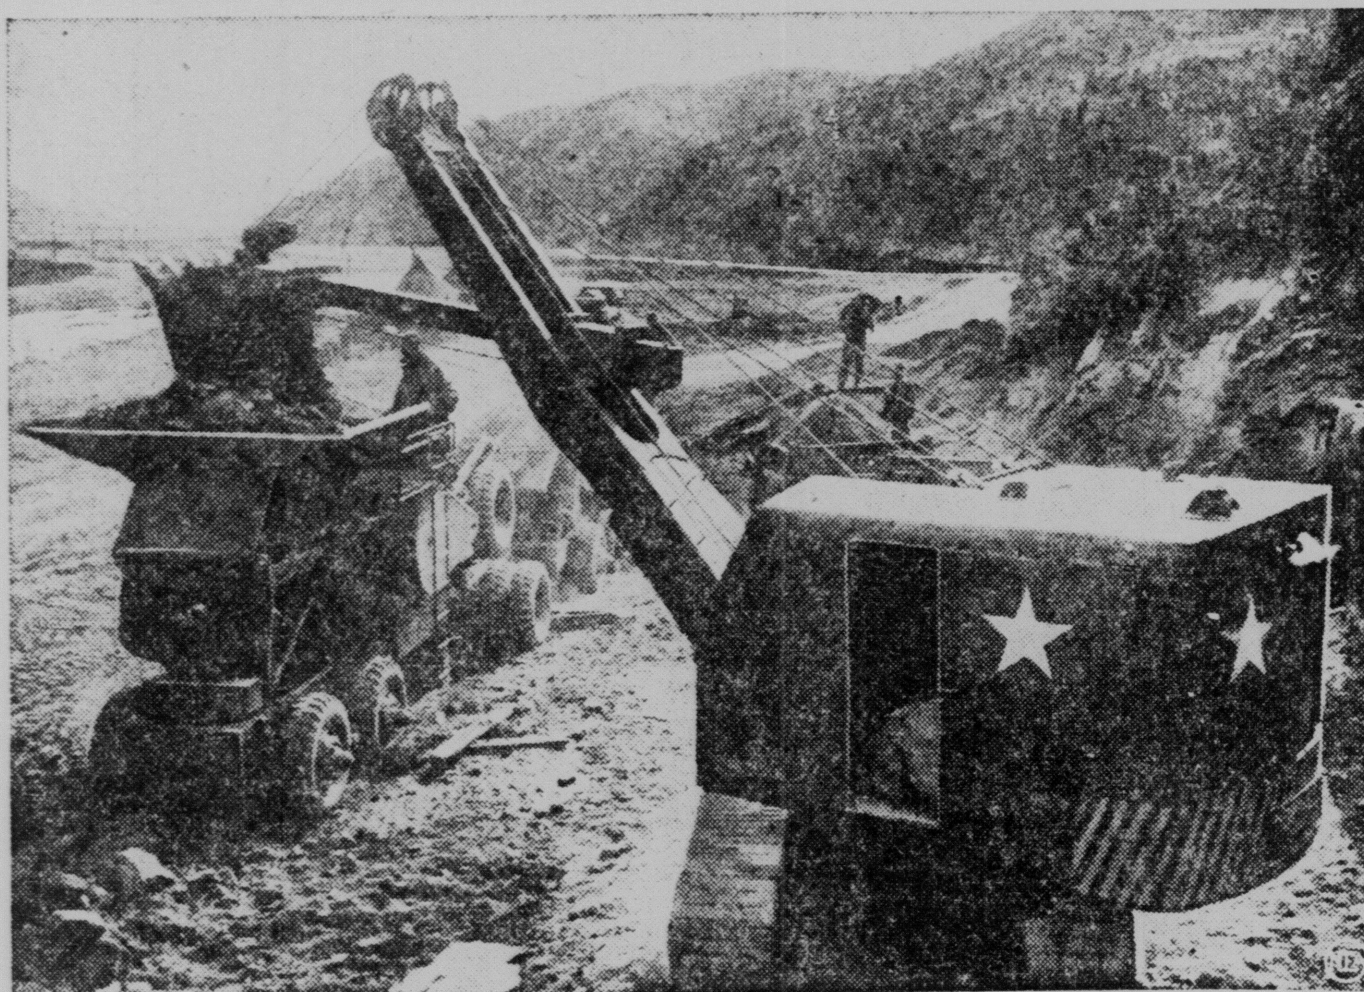

JAKARTA, Indonesia (P)—Sultan Hamid II of West Borneo, a cabinet minister in a former Indonesian administration, was sentenced today to 10 years in jail for masterminding an attempted armed overthrow of the government.

He was charged with ordering Capt. R. P. P. (Turk) Westerling, a Dutch guerrilla leader, to attack a cabinet meeting Jan. 24, 1950, and kill three top Indonesian leaders. The attack never came off, however.

### Identify 146 Casualties

WASHINGTON (P)—The Defense Department today identified 146 Korean War casualties in a new list (No. 786) that reported 8 killed, 126 wounded and 12 injured.

Wine Is a Mockery, Strong Drink is raging; don't be deceived, God's word.

**PREPARE FOR PRISONER EXCHANGE**—Preparing to handle the hoped-for exchange of sick and wounded prisoners, First Marine Division engineers clear an area at Munsan, Korea. Tents, hospitals and administration buildings will be built at "Freedom Village."

## 'Free Loaders'

By HAL BOYLE

NEW YORK (P)—Do you want to beat the high cost of living?

One sure way is to become a free loader. Millions of Americans have learned to follow this quick, easy path to a rich full life they could otherwise never afford.

You, too, can become one. All it takes is a little reticence, a lot of brass and the hide of an elderly elephant.

Free loading is merely hitchhiking through life on other people's good will. It is panhandling raised to a pure art form.

In the old days a free loader was a frowsy character who sidled through a saloon door when the bartender's back was turned and wolfed his way through the free lunch counter without buying a five-cent beer. Everybody knew who he was and nobody had any respect for him.

"Throw the bum out!" rang the cry and out the bum was pitched. Those innocent times are gone. Today if all the free loaders at some of the better functions were flung out on the pavement the place would be left empty except for the host.

For the breed has multiplied. As a matter of fact if all the free loaders and all the free spenders in the country got into a mass fist fight on a given day, the outnumbered free spenders would have to yelp for help to the National Guard to make it an even battle.

But this will never happen. The top-type free loader now is a fellow with social prestige who dresses well and hangs out in the most fashionable watering troughs.

To be a successful free loader you have to follow a few sure-fire rules:

1. Never put down your own money except to pay your way out of an emergency—and keep out of emergencies.

2. Choose your friends wisely.

Never chum with anybody who doesn't have either a big bankroll or a big expense account.

3. Never buy what you can borrow.

4. Try to borrow money only from people who, if you pay them back one week, will gladly lend you twice as much next week.

5. Always be a snob. Avoid gratitude as you would the mumps.

Over-awe the chumps you sponge off of. If they don't feel you're doing them a favor to be in their company, they're the wrong kind of chumps anyway.

There are dumb free loaders and smart free loaders. A dumb free loader goes into a night club, sits down at a table with some chance acquaintances, cadges some drinks and a meal, and hopes to duck out to the men's room when the waiter brings the bill.

But suppose the bill comes while the other fellows are away. The dumb free loader is stuck with an emergency. He has to pay.

A smart free loader, on the other hand, shows up with his right hand bandaged.

"Burned it helping a pal put out a fire in his car," he explains. Right away he's a hero. He drinks his fill, the girls cut up his steak for him. And it makes no difference if no other man is at the table when the bill arrives. It can wait.

For some reason nobody ever expects a guy to pick up a check with a bandaged right hand.

### 9,000 Refugees Arrive

BERLIN (P)—Almost 9,000 refugees from Soviet-occupied East Germany poured into West Berlin during the first week of April. Official quarters reported last night. Yesterday's total of 2,145 arrivals was double the average daily influx.

## AFL, CIO Agree To Halt 'Raiding'

WASHINGTON (P)—The AFL and CIO, talking merger again, have started out by trying to eliminate a source of friction between them.

Leaders of the two big labor organizations yesterday named a six-man group to try to work out an agreement against "raiding." This is the attempt by one union to replace another as bargaining representative in an already organized plant or industry.

Both AFL President George Meany and CIO President Walter Reuther told newsmen they knew such practices were going on and that they ought to stop.

### Woman Fined \$2950 On Traffic Charges

NEW YORK (P)—Chief Magistrate John M. Murtagh imposed a \$2,950 fine—or 118 days—in a woman for ignoring 59 parking summons in three years.

Weeping, Mrs. Lee Maggio, 29, a dress company partner, said she could not pay. Murtagh set her free in \$1,000 bail because she has a small child and gave her until April 24 to raise the money or go to jail.

## Most Items Left Unchanged By Lifting Of Price Controls

NEW YORK (P)—The end of price controls has brought more "ups" than "downs," but has left unchanged many items in the average American's budget.

That's the conclusion reached in an Associated Press 23-city survey on the effects of decontrol on the cost of living.

The survey shows these increases: Cigaretts up one or two cents a pack, and coffee up two to five cents a pound at all points; gasoline up in eight cities; and bread up in six cities.

According to the check, there have been no significant price changes in clothing, home fuels, restaurant meals or butter since the last controls were removed on March 17.

The big item moving downward has been meat; some housewives interviewed say the drop in the price of meat has balanced the hike in coffee and cigarettes, leaving their grocery bill about where it was before decontrol.

Increases in gasoline range from 3-10 cent in Cleveland and Columbus, O., to about three cents in Seattle and San Francisco. Gasoline is up two cents in Los Angeles and one-half cent in St. Louis, and one-half cent in Boston.

The price of a loaf of bread has been hiked one-half cent in Boston, and one cent in St. Louis, Kansas City, Los Angeles, Seattle and Pittsburgh.

Other items which now cost more than in the control period: Such building materials as cement, brick, gypsum products, wall board and plumbing supplies; copper-clad stainless steel cooking utensils; lamps and light bulbs; steel drums and pails; office machinery, and some rugs and linoleum.

Increases are predicted for bed sheets in the next few weeks; for men's suits next fall; and for basic steel in the near future.

One of the big price cuts since decontrol came when Chrysler slashed its price by an average of \$100 per car. Other auto makers did not follow.

There are suggestions that some of the rises which came quickly after the death of controls will

not last. The National Association of Purchasing Agents puts it this way:

"Much of the new price posting may be market testing and will stand or fall by the pressures of supply and demand."

In the words of an Indianapolis department store executive, "The day price controls ended was just another day. Only a few scattered items have been affected, because the market is very competitive."

In Cincinnati, Sam Becker, a clothing manufacturer who also operates two retail stores, sums up the picture in his field. "Prices are as low as they can be," he declares, adding "the retailer is making just enough to make a living and stay in business."

In Atlanta, consumer comment is most bitter on the price of milk, now 26 cents a quart delivered, 27 cents a quart container in stores.

Cities covered in the AP price check included Boston, New Haven, Conn.; Albany, N. Y.; Newark, N. J.; Atlanta, Charlotte, N. C.; New Orleans, Philadelphia, Pittsburgh, Chicago, Columbus, Indianapolis, Baltimore, Washington, Dallas, Kansas City, Seattle, Minneapolis, Los Angeles, San Francisco, St. Louis, Cincinnati and Cleveland.

## Art Of Agreement

Heartening as it is to believe that wounded and sick prisoners and internees of the Korean war soon may be on their way home, even more heartening is the evidence that Communist negotiators at Panmunjom are ready to practice the art of agreement.

The war could have ended early in the summer of 1951, if the Communist delegation had wanted to reach agreement. It could have ended in the summer of 1952 if the Communist delegation had been willing to yield on one major point of disagreement — whether or not prisoners of war unwilling to go home should be forced to go home against their will.

That was the sticking point on which another winter of warfare was foisted on the Chinese and North Korean troops doing the Kremlin's dirty work in Asia.

But if this time there is to be no sticking point, the war can be ended the same way it now appears the exchange of wounded and sick prisoners and internees is going to be arranged by practicing the art of agreement.

No regime in history ever developed disagreement to a higher level than the Russians who have ruled the Kremlin since World War I. Under them, dialectics became a science of international frustration and confusion.

If there has been a change of direction in the Kremlin, the Korean war can be ended before the beginning of May.

## Someone Must Pay

In deliberations over what kind of a tax will get maximum results from operators of heavy trucks in Ohio, with minimum damage, two points are close to agreement.

cent more for everybody for every gallon of Whatever else may be done, there is going to be an increase in the gasoline tax — one gas bought in Ohio.

If you buy all your gas in Ohio, this tax will be a fair and equitable instrument for prying loose more funds from you for the roads you drive on, whether your vehicle is a poodle-jumper or a freight car on rubber tires.

But if you are an interstate trucker passing through Ohio on your way to some other state and decide for one reason or another to skip Ohio's gas taxes, or to minimize them, a gas tax is not a fair and equitable instrument for collecting money for the use of roads.

Hence, there needs to be another instrument to catch out-of-staters and collect from them on a basis of how much weight they transport over Ohio highways. That is the weight-distance tax, which is going to accompany the gas tax. It is for the purpose of making truckers pay in ratio to the weight they transport over various distances — the same formula they use in making rates for the users of trucking services.

There is one thing to remember whenever this issue is under discussion — that Ohio has just as much right to collect from truckers for the use of its roads as truckers have to collect from the users of their services.

## Like All Of Us

With due respect to the competence and integrity of all the militarists who are involved in the dispute over what should have been done and not done in Korea, taxpayers are entitled to their own opinion that militarism is an inexact science.

This may become the question of the hour in some future congressional investigation like the one which followed the recall of Gen. MacArthur as chief Asiatic commander. It is recalled that Gen. MacArthur, himself, did not attempt to clear up the puzzle of how to win in Korea without becoming embroiled in a losing war in Asia.

The puzzle has remained. It was not solved by Gen. Ridgway, and it will not be solved by Gen. Clark. It has bothered Gen. Van Fleet, now retired, and it will still be bothering Gen. Taylor when the time comes for him to retire. It baffles Gen. Bradley and is too much for Gen. Collins.

Most of all, it has proved to be a splitting headache for Gen. Eisenhower, just as it turned out to be a headache for that old artilleryman, Harry Truman. These militarists, with varying degrees of competence but universal integrity, have given estimates and opinions about how well or how badly the war was going in Korea, and why. They have blamed its unsatisfactory aspects on diplomacy, treason, politics and economics — but never have they conceded there was no tried and tested formula for success in militarism.

If they had been dealing with an exact science, King Pyrrhus would have won no Pyrrhic victories, Napoleon would have not had to retreat from Moscow, Goering would have won the battle of Britain in the air and MacArthur never would have recovered from the humiliating defeat he sustained in the Philippines.

Militarists are entitled to opinions, like all of us — nothing more.

The longest days of the year are over now—those the kids spent waiting for Santa Claus.

# Korean Peace Perils

By DAVID LAWRENCE

## Soviets See Big Chance To Split U. S., Britain

They're just beginning to realize it around here—that Soviet Russia by suddenly moving toward a "cease fire" agreement in Korea has confronted the Western Alliance with a crisis in "peace" that may provide a more dangerous threat of large-scale war in the next few years than an unchanged "cold war" might have brought.

For merely to enumerate the consequences of the "cease fire" is to sketch the scope of the dilemma to which the Western Allies will have to find the answer or be entrapped.

First—The moment there's a "cease fire," the British will indicate their belief that Red China should be admitted to the U.N. and Chiang Kai-shek's nationalists be abandoned.

Second — Since the armistice agreement settles only the questions relating to a "cease fire," the next step is a "political" conference at which the future of Korea must be considered. Here the Communists will insist on the North Koreans staying in power. Any "unification" plan, in their eyes, must start with dominance by the North Koreans.

Already the South Koreans are making public demonstrations demanding that Chinese forces be completely withdrawn from all Korea "militarily, financially or otherwise."

Third—If the South Koreans are "sold out" in any "political conference," it means that the North Koreans will overrun all of Korea and render futile everything that the U.N. forces have tried to do since June 1950 and for which America has incurred more than 130,000 casualties.

Fourth—If the South Koreans are disaffected, how will the U.N. keep peace in Korea? Today the South Korean divisions are being trained intensively to fight against the Communist enemy. Can they be trained in the face of a possible "sell out"? If, on the other hand there's no change in the setup and Korea continues divided into two armed camps indefinitely, then what results can it be said that "collective security" has brought about?

Fifth—There is a certainty of fundamental differences between the United States and Britain over the Korean issues. The British want to wash up the whole Korean affair, abandon the South Korean government, forget the Chinese Nationalists, admit Red China into the U.N., let nature take its course, and call it a day. This is exactly what American isolationists use to demand—a policy of national self-interest. British isolationism today is a dominant policy irrespective of whether Conservatives or Laborites are in power in London.

Sixth—Will the United States

sacrifice all the objectives for which the Korean War was fought and go along with Britain—or will the two major allies split apart? The latter is what the Soviets undoubtedly have wanted to see happen long ago. The chance of driving a wedge between Britain and America on the Far East has been there for two years now, but Stalin lately either didn't see the chance and Malenkov did—or else the time was not ripe until now to put the British-American alliance to a test. The Soviets will do that now—and the more the subject is examined, the more it appears fraught with real danger. For, if the British pull away from America on the Far Eastern policy, it will inevitably mean a resurgence of American isolationism, which is beginning to say that America not only has no business in the Far East but none in Europe either—and that it is time to bring American boys home from all overseas lands.

The American "isolationists" have a new argument. They say that the Truman "isolationists" were much worse—they isolated American armies in Korea, got little help from the Allies, accepted nevertheless Allied interference in military operations, and finally the isolation became complete when ammunition needed in Korea was withheld so a certain type of "sitdown" war could be fought with American boys as the guinea pigs of an empirical diplomacy.

It's the kind of argument that will be heard on the stump in the next congressional elections if the present administration joins with Britain in giving up the objectives for which American boys were shedding their blood these last 3 months in Korea.

"Collective security" and continued membership by the United States in the U.N. are related to the failure or success of the Korean War and, when the facts are all in, there will have to be a realistic appraisal of whether Uncle Sam was played for a sucker in Korea and whether he will not by interference find himself in the same fix in Europe if appeasement becomes the rule in the future 'peace' conferences which are to follow a "cease fire."

The domestic political line — can be seriously affected by the debate on these points.

How to preserve Allied solidarity in the face of the Soviet's biggest opportunity to break it down is the real issue which the new era of "peace" conversations poses for America and Britain. For, if Allied solidarity does break down—the Soviet regime can do what it pleases in Europe and even risk large-scale war. They're doing some real worrying here in Washington as the much-to-be-desired armistice in Korea comes closer to being consummated.

# Russians' Real Grief

By IGOR BOGOLEPOV

The story from Moscow is that the Russians are deeply mourning the death of Stalin.

But what is actually going on in the hearts of Russians? Why do they cry and for what do they pray?

I am a Russian and lived there most of my life. As an exile in this country, I do not cease to be a Russian with Russian feelings and perhaps have exactly the same feelings as other typical Russians. Fresh in my memory are many Russian events, the significance of which I understand very well. This cannot be said about the foreign observers now in Moscow.

I remember the death of Lenin. People were crying. Some were Communist fanatics, but many more were ordinary Russian men, women and children. The latter were impressed by very clever propaganda devices set up by the Communist party in order to make a show of popular grievance.

Muted voices, sad music, torches, black-crepe banners—all were used to impress the crowd. And the crowd moved in silence. Everyone wore a grave expression, for who would dare smile or rejoice even if he wanted to as many of us did?

This could have been one's last smile. So I was dead earnest myself, and I smiled and rejoiced only when I was alone, as many others did. We rejoiced because the death of a tyrant makes people happy and fills their hearts with hope.

It is a heartbreaking spectacle to see Western observers take at face value the new propaganda performance in Moscow. Reports on Russian mourning are a reflection of the Communist propaganda line. Western journalists repeating it only serve the cause of Communism in my opinion.

The Western world speculates on whether the death of Stalin will bring some relaxation in cold war. We Russians do not speculate. We simply enjoy the good news of the death of the greatest tyrant and murderer we ever saw in our history.

I believe that many Russians today are praying—not for Stalin—but in thanks to God for this great redemption.

Stalin lies in state in the Hall of columns in the heart of Moscow. It is said that millions of Moscovites crowd around to see the dead

leader of world communism. Some of them will cry from sorrow. Communists know Stalin's loss was a great blow to their cause. For now there is a danger of changes inside the iron curtain area.

But others cry from untold joy. Many Russians are thinking that the worst is over inasmuch as Stalin—the most experienced and strong-willed of all Communist rulers of my wretched country—cannot soon be replaced by anyone of his caliber.

This gives some hope for Russian freedom.

## THOUGHT FOR TODAY

The nature of Christ's existence is mysterious, I admit, but this mystery meets the wants of man. Reject it and the world is an inexplicable riddle; believe it, and the history of our race is satisfactorily explained.—Napoleon Bonaparte.

## SIDE GLANCES

By Galbraith

"I was just looking at your ears, Mrs. Jones—daddy said if you started on the younger generation today he'd pin 'em back!"

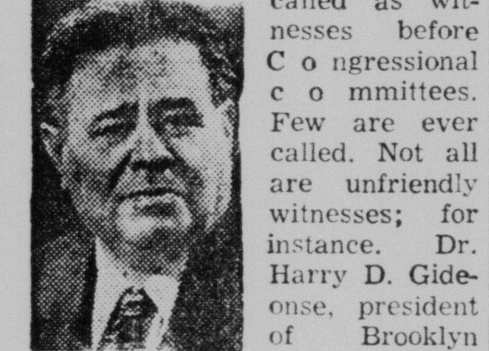

## A New Cop on the Beat

# Methods Of Communist Teachers

By GEORGE E. SOKOLSKY

When one goes among professors these days, it is startling to find that so many of them are jittery over the prospects of being called as witnesses before Congressional committees.

Sokolsky, William Jansen, superintendent of schools in New York City, Dr. Bella Dodd, former Communist, and Dr. William H. Withers, who had taught at Lehigh University, Teachers College of Columbia University, and Queens College, were friendly witnesses, aiding the congressional committees with their expert knowledge.

ONLY THOSE who have something to hide need fear these investigations.

Professor Withers testified that at one stage of his life, he was actually groomed to be a member of the Communist party. He was then at New College, an institution for the education of teachers in which political activity was encouraged. He had joined the Teachers Union, he thinks, in 1935. He testified that "The Teachers Union was under Communist control at that time."

Dr. Withers was an active member of Local 537 of the Teachers Union situation of Teachers College.

He testified before the Jenner committee:

"After 1937 I began to realize that the control of Local 537 was definitely Communist, and in 1939 a group of us who were non-Communists in Local 537 organized what we called an independent caucus, in which we attempted to defeat Communist propositions in the plenary sessions of the Union."

THE VALUE of Dr. Withers's testimony is that it confirms the

pattern of deceit. It is not illegal for any man in this country to be a Communist; it is indecent to be deceitful. On this subject, Dr. Withers testified:

"... They did not usually admit publicly that they were Communists. In fact, officers of the union never admitted that. They attempted to follow a set of policies which presumably would be accepted by liberals generally. But nevertheless, their policies were always consistent with the Communist party line."

Sen. (Willis) Smith "So the fact that members may not proclaim their identity as members of the Communist party is no indication that they are not working as Communists wherever they are located."

Mr. Withers "That is true. In fact, it has often been a definite policy of the Communist party to try to disguise membership, particularly in the case of a person who might be regarded as a front for the Communist party. The higher up you are in the educational world, the greater the degree of reputation you have publicly, the less use you are to the Communist party openly."

THIS STATEMENT was not made by a so-called witch-hunter; it was made by a professor of standing and experience who was speaking of his own knowledge. Had these Communist professors proclaimed themselves, they would have had little influence upon other teachers and perhaps upon their

students. They posed as liberals.

Dr. Withers explained to the Jenner committee the methods employed by these disguised Communist professors:

"... The theory of the Communist party, as I understood it, in the early days, and I think it still holds good, is that people are put in what might be called strategic positions. Now, in a sense, a teacher is in a strategic position. He is in a strategic position not simply because he is able to introduce his ideas into class discussions or into his lectures, but he is primarily in a strategic position because after hours, after class hours, he can exercise a very important influence upon the ideas of students who gather around him."

"The typical action of the Communist teacher is to become a popular person with students, to curry favor with the students, to appear to be a courageous person, to appear to be a person who is without sin and is always against sin, to be a person who is constantly fighting for what is idealistic. A lot of young people agree with this view that the Communist teacher has of himself, and as a result become a part of what might be called a coterie of the Communist teacher. Then they begin to become active. They are gradually educated into Communist activity, and it is for that purpose that the Communist teacher is most useful to the Communist party."

This is as complete an answer as I have yet seen on this subject.

# They Hissed In Peoria

By TRUMAN TWILL

The first smart outfit which learns how to find out what Television viewers are doing while their gawk boxes are turned on will clean up.

This will give advertisers the dirt on what is happening to their money. A shock is in store.

Or isn't it a secret from the boys paying the tab that Peoria, the town which once gave vaudeville the acid test, now covers every television set in existence and that Boston, where play producers hold their turkey tests, stretches from coast to coast?

There are television performers who would travel a thousand miles at their own expense for the privilege of throttling with their bare hands some members of the GUA—Great Unseen Audience—if they knew what the members were thinking and saying.

Any television performer beginning to think he can walk safely on water should take a night off to see what happens to the canned version of his latest and best efforts.

"Dat punk again," someone snarls:

"Keep your hooks off the knob," someone screams. "I hate him so much he's good for my circulation. He makes me feel good when he quits."

"Start feelin' good, then, punk," snarls another member of the GUA. "There he is, big as life and twice as repulsive. I wonder what they have to pay those other people on the show to pretend they like him."

So much for comedy.

With plays not only the actors but the playwright and the scenic artists are fair game for the wise-cracking skeptics who broke the hearts and backs of the legitimate stage's stars, turned the movies into extemporaneous wit contests and now are pulling the curtain on a new kind of make-believe.

"Pawdin me, Reggie," titters

Lord Moppet, the dead-end kid. "Your garter is dangling, old boy. Look at the bum grapple with that dame. You'd think he was trying to steal the jools or sumpin. Where'd dat creep learn his grips in a stockyard?"

No flaw is overlooked in television. People who would have registered all right on radio are pulled apart like flies because their eyes are crossed, their nostrils twitch and the fillings in their back teeth look loose. Without television, millions of Americans who are not dentists never would have known what a loose filling in a back tooth looks like.

They would not have become knowledgeable critics of decollete exposures, the Camera No. 3 leer, the center jump in ballet, electric horseback riding, underwater movie projection and the cinematic art in the U. S. A. and United Kingdom, circa 1910.

It has been a stimulating experience. It is fortunate that the butts of the ridicule will never know how stimulating it has been. They were not so lucky in Peoria and Boston.

## So They Say

A real good infidel. Took time to get it together. Can't afford to have any of 'em killed. . . You'll have to come out of there.—Casey Stengel, to Yankee rookie pitcher, being hit freely.

I am prepared to resume full negotiations any time their offers appear sincere.—Gen. Mark Clark, UN Supreme Commander, on Red peace feelers.

As far as war danger is concerned, I feel that the situation has neither improved nor deteriorated. I do think, however, that the real possibility of some aggressive act has somewhat diminished. — Marshal Tito, on Russia, after returning from trip to England.

# Once Over

By H. I. PHILLIPS

## Real News Newsreel

Caustic comment on Dr. Einstein's new relativity work: "It will never outsell Willie Sutton." . . . Have you heard about the fellow who bought a "dream house" and is having a nightmare to be paid for over a 20-year stretch?

The row over New York's subway operation is having extra complications due to the unwillingness of any candidate for mayor to get up and give a rival his seat.

TV is to put on a two-hour Hamlet with Maurice Evans in the title role. . . . For the purposes of video appeal, the Melancholy Dane may be forced to flash a personality smile. . . . It will be a "ghost to ghost" telecast of course. . . . A good TV title for Hamlet would be, it seems to us, "Queen for Dane." . . . And if there is ever a telecast of Macbeth, we favor calling it "Break the Banquo." . . . As Hamlet might put it:

TV or not TV; that is the question: Whether 'tis nobler in the mind to suffer The limitations of the stage and screen Or give in to my agent's supplications, And (bearing the commercials) end them.

Ye ed saw "Oklahoma" on its out-of-town opening when it was "Away We Go" and lasted well into the morning after. . . . It was pretty boring until cut down and doctored up. . . . And a certain critic who shall be nameless was heard to remark, "It's Theater Guild horse opera," little knowing he would be eating his words for a decade. . . .

Mrs. Oveta Culp Hobby now has full Cabinet status in Ike's regime, her elevation being in nowise due to a Hobby Lobby.

A cow brought \$19,000 at a Jersey auction the other day, providing the buyer with a ready answer to his wife's "Well, what's MOO?" when he gets home. . . . But why any amazement at \$19,000 for a cow. . . . You get the WHOLE cow in an auction, not just a steak for two.

Ima Dodo says, "I knew Sen. McCarthy was taking on too much when he started inquiring into those Greek restaurants."

The East had the heaviest rainfall in 82 years in March, according to the weather bureau. . . . But any proprietor of a dress or hat shop will tell you it was the worst weather in at least two centuries.

If Joe E. Brown, movie and TV comedian, does that pre-game telecast for the Yankees this season, will it indicate that the Yanks are going in for the big laugh, hoping for a place in "World Non-Serious"? . . . This could wind up in a charge that every time Joe opens his mouth the Yanks put their foot in it.

Ray Bolger has signed a TV contract for big dough that must make his folks regret ever having said to him as a kid, "Don't waste your time dancing."

Chip Bohlen must have been somewhat puzzled whether he was confirmed or slugged.

Leasing of Grand Central Palace by government could lead to a mighty interesting story showing the extent to which Uncle Sam has gone into the real estate business over the past two decades. . . . People would be surprised to know of all the skyscrapers in downtown New York, and in most expensive centers of Chicago and other big cities, bought or rented to house federal bureaus. . . . In Manhattan Island no slightly out-of-the-way buildings were good enough and Washington has been picking the costliest structures in the center of the most eagerly sought business areas. . . . Believe it or not, in many rental cases enormous sums are poured into building alterations and remodelings with the taxpayers' dough, the improved buildings reverting to the owner without charge for changes!!!

Why does a great and experienced actress like Ethel Barrymore go for such a sketch as "Lord Byron's Love Letter," the dreary feature of the last "Omniibus" program?

Easter always takes us back to the days when we not only were a boy soprano in the Church of the Ascension choir at Davenport and Ward Streets back home, but doubled in brass, serving as the church janitor and tolling the bell. . . . We advanced to these roles after a term as organ pumper and snow-shoveler. . . . The Rev. Dr. Marriott was the pastor, the church was extra poor, and it was nothing for him to cart coal, sift the ashes, put on the church suppers and run a boys' club. . . . Them was the days.

Mike Todd, one of the country's smartest showmen, may roll up another fortune through a three-dimension film patent.

William Howard Taft III, new ambassador to Ireland has spent so much time there or in studying the country, that he and his family have developed a brogue. . . . His four children were largely raised there and one is named "Shawn." . . . Wonder if the Tafts now spell the name of their home state "O'Haihough"?

# Looking Backward

FROM THE NEWS FILES

FIVE YEARS AGO — Dr. George H. Ruggie, former Salemite and junior dean of the College of Medicine, Ohio State University, was the chief lecturer in the field of medicine at the Mount Union College Career Day program yesterday.

TEN YEARS AGO — A surprise birthday party was held last night in honor of Homer Taylor, leader and organist of the Methodist Choir. Miss Elaine McGhee and Miss Betty Albright entertained with piano solos; Mrs. Taylor served refreshments.

TWENTY FIVE YEARS AGO — Bloodshed, violence, beatings, kidnappings, ballot-box stuffing and terrorism marked Chicago's wildest primary election today. One polling place reported a policeman at the point of a gun was forcing citizens to vote as he directed.

FORTY YEARS AGO — Direct election of the United States senators became one of the provisions of the constitution today when the Connecticut legislature ratified the amendment to that effect. Thirty-six states, the requisite three-fourths of all in the Union, now have approved the change. The amendment to the constitution is the second within the last two months

## Joy McMaster, Lester Travis Are Married

Mr. and Mrs. A. C. McMaster of W. Salem St. Ext., Columbiana, announce the marriage of their daughter, Joy, to Lester L. Travis, son of Mr. and Mrs. Elmer Travis of Boardman, which took place in Grace Evangelical and Reformed Church at 1:30 p.m. Saturday, March 28.

Rev. Donald J. Voelm, pastor, performed the double ring ceremony at an altar decorated with spring flowers and Easter lilies. Mary Lou Hadley of Lisbon was maid of honor, and Earl Roberts of East Palestine was best man. Only the immediate families attended.

The bride wore a light blue suit with navy blue accessories and a pink rosebud corsage. The maid of honor wore a brown suit with yellow accessories and a yellow rosebud corsage.

Mrs. McMaster and Mrs. Travis wore navy blue dresses with red rosebud corsages.

After the ceremony, the guests returned to the McMaster home until time for dinner at Heck's restaurant.

The bride and bridegroom spent the weekend in Cleveland, and left Thursday, April 2, for Savannah, Ga., where Mr. Travis is stationed at Hunter Air Force Base. On the way to Savannah, they stopped to visit Lt. and Mrs. Jon McMaster, brother and sister-in-law of the bride, at Newport News, Va.

## Berlin Yacht Club Plans 'Spring Frolic'

The Elks ballroom will be the scene of the annual "spring frolic" planned by members of the Berlin Yacht Club Saturday from 9 to 1 p.m. Paul Kuhns and his orchestra will play the dance program.

Carl Field is dance chairman and Olin Dilworth is the club commodore.

The dance is the initial activity planned by the club members as their racing season at Berlin Lake will commence Decoration Day. As a part of their summer program the club members will assist with the program of the Mariner Scout troop in Salem. The Mariner's are called the Cutty Sarks, taking their name from an old time clipper vessel.

## Mrs. Wilson Hostess To St. Agnes Guild

Mrs. James Wilson Jr. was hostess to members of the St. Agnes Guild of the Church of Our Saviour at a luncheon meeting Monday afternoon at her home on Homewood Ave. Assisting with the buffet affair was Mrs. Thomas Moore.

In the absence of the president, Mrs. A. G. Tame, Mrs. James Pidgeon presided at the business session. Mrs. S. F. Sonnedecker will entertain at the next meeting May 4 at her home on N. Union Ave.

## Hospital Auxiliary To Hear Speaker

Mrs. W. L. Mermis, president of the St. Elizabeth Auxiliary of Youngstown, will be speaker when members of the Salem City Hospital Auxiliary meet at the Hannah Mullins Nurses Home Thursday at 1 p.m. for dessert lunch.

Mrs. Mermis will talk on auxiliary work in Youngstown.

Mrs. Paul Campanelli is chairman. All women interested in this type of work are invited to attend.

## Play Will Depict Early Days In City

Scenes that took place in Salem on August 28, 1854, in the Friends Meeting House and at the railroad station will be presented in a playlet at the Home Demonstration Council's annual Achievement Day next Wednesday at the Manos Theater at Lisbon.

The event "Freeing a Slave Girl" is just part of the program to be presented at the affair which will open at 10 a.m. and continue to 3 p.m.

Taking part in the playlet are the following Mrs. Alfred Fowler, Mrs. Albert Gamble, Mrs. Jesse Starbuck, Mrs. Paul Warrington, Mrs. Emory Holloway, Mrs. Wilson Morlan, Mrs. Roscoe Stanley, Mrs. Jesse Edgerton, Mrs. Oliver Sidwell, Mrs. J. E. Henderson, Mrs. William Outland, Mrs. A. G. Oliphant, Mrs. C. E. Stanley, Mrs. Howard Bailey, Mrs. Harold Sidwell, Ronnie and Linda Sidwell and Lola Gamble.

Mrs. Wilmer Satterthwaite will be narrator.

## Petersen-Bailey Troth Announced

Announcement has been made of the engagement of Barbara Jean Petersen, daughter of Mr. and Mrs. Stensen Petersen of Port Clinton, to Benjamin Nelson Bailey, son of Mr. and Mrs. D. Nelson Bailey of 628 E. Fourth St.

Miss Petersen is a graduate of Port Clinton High School and Ohio State University where she was graduated with a bachelor of science degree in the college of education with a major in vocal music.

She is a member of Alpha Gamma Delta Sorority and Delta Omicron national music fraternity, and is remaining at Ohio State until June for post-graduate work in music.

Mr. Bailey was graduated from Salem High School and is a student at Ohio State where he is working toward a degree of bachelor of music with a major in organ.

A member of the Beta Chi social fraternity, he also belongs to the American Guild of Organists and is serving as organist-director of Central Presbyterian Church in Columbus.

No date has been set for the wedding.

## Mrs. John Megert Feted At Shower

Mrs. John Megert of the Benton Rd. was surprised Friday night when 18 friends called at her home and presented her with a stork shower. The gifts were arranged in a pink basket.

The guests played bingo and prizes went to Mrs. Gene Kiefer, Mrs. Mignon Silvers and Mrs. George Brown.

Mrs. Lester Wisler and Mrs. William served refreshments. They were assisted by Mrs. Silvers.

## Birth Reports

**SALEM CITY**  
Daughter, to Mr. and Mrs. Thomas Fredina of Berlin Center, Tuesday.

Daughter, to Mr. and Mrs. Dwayne Stanley of Beloit, Tuesday.  
Daughter, to Mr. and Mrs. Robert Meiser of Kensington, Wednesday.

**CENTRAL CLINIC**  
Son, to Mr. and Mrs. James Adams of RD 3, Salem, Tuesday.  
Daughter, to Mr. and Mrs. John Botu of 326 S. Ellsworth Ave., Tuesday.

Daughter, to Mr. and Mrs. Norman Summers of Beloit, Tuesday.

Ground Swiss cheese and ham, mixed with mayonnaise, makes a delicious sandwich spread. Serve with sweet or dill pickles.

WHILE DESIGNERS place their emphasis on casual clothes for outdoor living, they also do dressy separates and one-piece dresses. Red bandana shirt (left) is teamed with ticking print for jacket and shorts in sun fashions. Bandana print is repeated on jacket pockets

## Saxons To Erect Memorial Plaque

The late Dr. Carl Kreutzer, member of Branch 19 of the Salem Saxon Lodge, and doctor for the lodge, will be honored with a memorial plaque at the meeting of the Men's Lodge May 1 in the Saxon hall.

Plans for this event were made at the men's Friday evening meeting.

Rudy Bodendorfer presided when a report was heard from the members of the lodge committee on remodeling or building a new club house. Comprising the committee which will decide what is to be done are Mr. Bodendorfer, Alfred Konnerth, Fred Theiss Jr., Andy Drotleff, John Bahmiller, Henry Heidenreich and Dan Weber.

The men voted to sponsor a boy in the Soap Box Derby. Other activities planned include the mother-daughter banquet of Branch 18 May 2 at which the Men's Society will serve as waiters. Discussion was held concerning the annual children's picnic June 28 when children of the members will be entertained at the Saxon Country Club.

No date was set for a social for members of both men's and women's lodge but plans are being made for the July 4 picnic by Andy Kekel Jr., and William Holzinger. Mr. Theiss, with a group of delegates from Branch 19, plan to attend the meeting of the Central-Verband May 30-31 in Erie, Pa. Mr. Theiss is president of this national organization.

## Marsha Ann Ware Feted On Birthday

Marsha Ann Ware, who was five years old April 2, celebrated the event with a birthday party arranged Saturday afternoon by her parents, Mr. and Mrs. Ernest Ware, at their home on the Pine Lake Rd.

Games entertained the youngsters and Nancy Peer, Sandra Peer and Brenda McCartney won prizes. A decorated cake, made by Mrs. Ware, was served the youthful guests. Yellow and white was the color theme and favors were baskets of candy. Daffodils were used in the colorful table decorations.

Put three slices of date-nut bread together with soft cream cheese; cut each sandwich into three or four narrow strips.

## 7th Graders Help Write Quakerette

The spring issue of The Quakerette, Junior High School publication, has been written and published jointly by the regular members of the Quakerette staff and the students of Mrs. William Baker's seventh grade English Class.

Eighth grade editor was Beverly Mercer and seventh grade editor, Lynn Bates. Business managers were Dick Beall and John Lewis. In charge of stencil cutting was Barbara Shepard.

## Music Room News

Junior High band and orchestra both will participate in the spring concert to be held in the school auditorium April 28. In May some of the members will take part in a district solo contest in Alliance. The choir classes also have been busy preparing for the spring concert. Accompanists will be Carl Schaefer and Carol Anderson. The Boys Glee Club will sing three numbers in the concert.

## Art

Art classes at Junior High are painting large water color pictures for the Junior Red Cross Student International Art Exchange. The pictures will depict the American way of life as to work and play in home, school and community.

## Sports Club

Hayes Covert is the president of the Sports Club with Lani Watwale, vice president, and Martha Stein, secretary.

Members of the Nature Clubs are busy making bird houses to enter in the annual bird house building contest.

In the semi-finals of the seventh grade ping-pong tourney, Carol Keener defeated Carolyn Hessler and Richard Kniseley bested Richard Shasteen. Playing in the eighth grade tournament will be Dennis Wright, Bobbie Lou Wilms, Dick Buta, Richard Coddington, Carl Schaefer, Beverly Mercer, Nancy Conley, Nancy Swartz, Paul Renkenberger, Philip Tetlow and Bob Lau.

## Marriage Licenses

Richard A. Rowland, 23, New Cumberland, and Vera M. Armstrong, 21, East Liverpool.  
Chester J. Hackathorn, 25, line-man, Bergholz, and Ruth Ann Strabley, 21, packer, Salineville.

as trim. Center, black-and-white coolcord with hot pink in patio costume with pants. Skirt panels are attached to pants. Right, fine terrycloth in hot pink with pale pink linen for matchbox sleeveless jacket. This is worn with sleeveless blouse and shorts in the pale pink linen. Shorts are fully lined.

## Margaret Whitacre To Wed In August

Mrs. Edward B. Whitacre of S. Lincoln Ave. announces the engagement of her daughter, Margaret, to Elmer F. Kruse of Cleveland, son of Frank T. Kruse of West Valley N. Y.

Miss Whitacre, daughter of the late Edward B. Whitacre, attended Margaret Morrison College, Carnegie Institute of Technology in Pittsburgh and Fenn College in Cleveland where she is a member of the Omega Upsilon sorority.

Mr. Kruse attended Case Institute of Technology in Cleveland and is attending Fenn College where he is a member of the American Society of Mechanical Engineers and is employed at the Machine Tooling Co. in Cleveland.

Both Miss Whitacre and her fiancé served in the Navy during World War II.

A late August wedding is planned.

## Rotary Hears Students

Interesting accounts of their attendance at the recent World Affairs Institute in Cincinnati were given to Rotary Club members on Tuesday by Miss Joan Schuller and Donald Harsh, Salem High seniors. They attended the institute under sponsorship of the Rotary Club.

Chairman of yesterday's meeting in the Memorial Building was J. Arch Harwood.

## A SECRET WE ARE GLAD TO "GIVE OUT!"

Strangers who have two or three cups of our famous coffee often say, "What kind of coffee is this?" It's a long story, but in a nutshell here is our answer. For many years we experimented with many different blends, then we decided to make up our own blend. Once we had it right we said to the roasters, "Stick to this blend, and don't let anyone know what you are doing." They kept the secret and most certainly we have also. If you want the best cup of coffee you ever tasted, head for

ALDOM'S .. SALEM DINER

## Christian Church Class Holds Program

Miss Ann Moore and Mrs. David Beery planned the program which was presented at the Monday evening meeting of 34 members of the Harris Class of the Christian Church in the church. Kenneth Schnorrenberg presided at the business session.

Miss Moore introduced her niece, Miss Betty Ann Moore, who sang, "Christ Arose" and "He Lives." Her accompanist was Miss Nancy Fife. The inspirational Easter story, "Behold Your King," by Florence Bauer was reviewed by Mrs. Edith Purviance.

Lunch was served by a committee comprised of Mr. and Mrs. Hobart Butcher and Mr. and Mrs.

## Salem Grange Has Music Program

Mrs. Lee Mercer, lecturer, planned the program and Mrs. Clarence Votaw was announcer at the meeting of members of Salem Grange Friday evening at the hall.

Earl W. Shafer, head of the music education department of Leetonia schools, presented five young people from the school in musical selections. For his trumpet solo Trevor Lewis played, "The Dancer," and Sandra Volpe played "Al-tair" on the trumpet.

"Boat Song" was Sandra Smith's selection on the saxophone. Dick Prior's trombone number was entitled "Ruby," and Dick Gologram played "Three of a Kind" on a baritone horn. Frank Aultz, head of the English department, sang tenor-baritone solos including "The Kerry Dance," "Three for Jack" and "Oh No John."

"Melody of Spring" was sung by the grange members and Mrs. Willis Zimmerman played the accompaniment. In observance of Hobby Week, which concluded Saturday, the grangers answered roll call by naming their favorite hobby. A recitation, "Sister's Opinion," was given by Sandy Cobourn.

During the business session the master, Blaine Hart, appointed Mr. and Mrs. Dean Vincent, Mr. and Mrs. James Zimmerman and Mr. and Mrs. Burr Cobourn to the card party planning committee for Saturday, April 18. Three candidates were elected to membership.

Lunch was served by the social committee chairman, Mrs. Clarence Votaw and her committee. The next meeting will be April 17.

## Greenford Churches To Aid Park Fund

As a means to start a fund for the proposed Green Township Park, the Park Advisory Committee has asked representatives from each of the Green Township Churches to help them by having a public supper.

The ladies of the churches met last week, and are planning a steak supper to be held at the school cafeteria both Wednesday and Thursday evenings, April 22 and 23.

It is probable that the soliciting committee will canvass among Green Township residents south of Route 62.

When another supper is held, solicitors will canvass all persons north of Route 62.

Plans are being made to have three dinners each evening, scheduled at 5:30, 6:30 and 7:30 p.m. The ticket committee will be announced soon.

### Damascus

The Tri-Eight Bridge Club was entertained by Mrs. Edward Wentzel of Fair Avenue, Salem, with Mrs. Dean Barber a guest.

Contract bridge was the pastime with the honors awarded to Mrs. Harold Wulf, Mrs. Lee Bennett and Mrs. Robert Ruby.

Mrs. Harold Wulf and Mrs. Walter Loesch received the traveling prizes.

A lunch was served with green and yellow appointments in keeping with the Easter season.

The next meeting will be held with Mrs. Lee Bennett, hostess, April 27.

The Garfield Merry Maids 4-H

## You'll shop refreshed when you pause for Coke

There's a reason for these familiar red coolers in food stores. A pause for a Coke lifts the spirit—makes shopping easier.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY  
ALLIANCE COCA-COLA BOTTLING COMPANY  
"Coke" is a registered trade-mark. © 1953, THE COCA-COLA COMPANY

**COTTON GLEAMS** in the summer collections of designers. It has been polished up to shine like your best silver tea set and sometimes has the added sparkle that comes from rhinestones.

For warm weather wear, the miracle fibers are used in combination with cotton, rather than alone. Designers feel that cottons with new finishes are better suited to days when the sun beats down.

Patent-leather dots heighten this

polished effect, appear on both checked gingham and solid-color broadcloth. Surface interest is achieved in other ways—some sheers have slubbed stripes and there are embroidered organdies and eyelets.

Straw cloth appears in dressy separates as well as in suncloths. Designers say that they hope women will handle it according to directions on the tag—drip-dry after laundering. Never wring straw cloth.

Coordinated broadcloth separates (left) are button-detailed. Back is opened up for coolness, buttoned high at the neckline. Button is repeated at waistline of the skirt.

Pima cotton and orlon are combined in this sleeveless dress (right). White beading embroidery gives a chalky touch to collar and belt; unpressed pleats are used for skirt fullness.

Columbiana

## Movie Viewed By Rotarians

Membership Reached  
High Of 73 Monday

COLUMBIANA — With the induction into membership Monday evening of Donald Leonard of the U. S. Graphite Co., the Columbiana Rotary Club reached a new high with 73 members. Van Redpath conducted the formal induction ceremony.

Eugene Crawford, program chairman for the meeting, presented Carl Willman, Salem manager of the Bell Telephone Co., who showed a motion picture demonstrating the latest advance in the use of the telephone. It showed the operation of a dial system for making long distance calls, which, although still in the development stage, appears to be practicable. A station at Englewood, N.J. can now dial to the west coast, but is the only station in the United States at present that can make such calls.

A number of visitors and guests were at the meeting. R. E. Gorbey and J. G. Miller, new owners of the Smith Furniture Co., were guests of Raymond Smith; Sam Greiner, a guest of his father, George Greiner; John Heintzelman, Jr., a guest of his father; Charles T. Crothers of Rising Sun, Md., a guest of his brother-in-law, Elmer Detwiler, Jr. Joseph Spievak of Youngstown and Wendell Troxel of Greenwich, O., were visiting Rotarians.

Next Monday evening Ira Dalrymple, program chairman, will present Stanley Kovac of the U. S. Steel Corporation at Youngstown as the speaker.

A FILM ENTITLED "Man's Confidence in Man," from the Cleveland office of Dun and Bradstreet, was shown by Kiwanis vice president William Furney at the club meeting Monday evening. It portrayed the development of "Credit" in man's dealings with his fellow man. Louis D. Bair had as his guest Kenneth Amos of Parkersburg, W. Va., with Butler Brothers out of Chicago.

The Columbiana Farm Bureau shipped out in the last few days 3,000 bags of potatoes to chip factories at Dayton and at Huntington, Parkersburg and Charleston, W. Va.

The instrumental music department of the Columbiana schools will give its annual spring concert in the High School auditorium Friday at 8 p.m. under the direction of W. Gwynne Jenkins, instrumental instructor. More than 100 students will take part and majorities will give a twirling exhibition. Tickets may be obtained from band members or at the door.

Christ Mission truck from Youngstown began house-to-house collections in Columbiana yesterday and will continue through Saturday, April 18. For information, call Mrs. Wilford Scott, phone 4355.

THE MUSIC BOOSTERS' Club postponed its meeting scheduled for Monday evening and will have its final meeting Monday evening, May 4. Next school year it will be combined with the Parent Teacher Organization.

Members of the Benjamin Firestone Unit, Columbiana Ladies' Auxiliary of the American Legion have been invited by Unit 56 of Salem to attend a dinner at the Legion home in Salem at 6:30 p.m. next Tuesday, April 14, when the Salem unit will have department officers as guests. Each person attending is to take a coverdish and table service. Meat, rolls, butter, coffee and dessert will be provided by Salem Auxiliary.

## Legion To Be County Hosts Friday Night

LEETONIA — Joe Williams Post American Legion will entertain the County Council at their headquarters Friday evening, April 10. The regular meeting scheduled for Wednesday evening will not be held. Officers of the Post will hold a special meeting. A dance will be held at the Legion Headquarters Saturday evening, April 18.

Teenagers of both parochial and public schools, grades seven through 12, will be entertained at a dance at the high school gym Wednesday evening, April 8, from 7 to 10 p.m., by the American Legion, O.S.I. and Eagles.

THE MOTHERS CLUB of St. Patrick's School will meet at the school Friday evening.

The Silver Circle of the Presbyterian Church will meet at the home of Mrs. S. J. Prior Thursday evening.

Rev. T. P. Laughner, pastor of St. Paul's Lutheran Church, had an emergency appendectomy at the Salem City Hospital Sunday evening.

Wilford Wolfgang of Burlington, N. C. spent the weekend with his mother, Mrs. Olive Wolfgang.

Henry A. Grace has returned to his home at Pittsburgh after visiting his mother, Mrs. Ella Grace.

## Grammer Appeals Death Sentence

BALTIMORE (AP) — George Edward Grammer, 36-year-old former New York office manager sentenced to hang for the murder of his wife, will take his case to the Maryland Court of Appeals at Annapolis.

Judge Herman Moser, who heard the case without a jury, imposed the death penalty yesterday in the slaying of Grammer's 33-year-old wife Dorothy last August. The State contended he did it because he loved another woman.

The prosecution charged Grammer beat his wife to death and then tried to cover it up with a faked automobile accident.

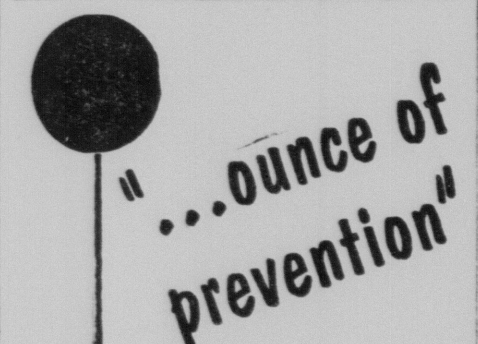

## Russia Reports Heavy Scientific Expenditure

MOSCOW (AP) — Pravda said today the Soviet Union spent 47.2 billion rubles on science in the period of 1946-51. It called for further development of Soviet science and said new measures have been taken to expand scientific personnel.

(There is no normal exchange between the ruble and the dollar. The Russians have given the ruble an arbitrary value of 25 cents.)

### NAMES REGISTRAR

CINCINNATI (AP) — The University of Cincinnati has announced appointment of its first male registrar in at least 50 years. Named to the post was Kenneth Ray Varner, who is to assume his new duties July 1. Varner, born in Marion, O., presently is in the registrar's office at the University of Tennessee.

"...ounce of prevention"

The amount that Spencer will hit against big league pitching remains, of course, to be seen. All we know is that he has been hitting up to now—and for distance. With Minneapolis last year he had a commendable .294 average, hit 27 home runs and drove in 80 runs. The last would indicate that he is no choke man when runners are on. The way he fields, he could hit .250 and make a manager happy.

## Indians Send 7 Players To Indianapolis Farm

NASHVILLE, Tenn. (AP)—Cleveland optioned tooth pick-chewing Sam Jones and outfielder Mike Lutz to its Indianapolis farm today, bringing to seven the number of players dealt to that club in 24 hours.

Jones joined Cleveland late in 1951 billed as the outstanding

## Horse's Death Cuts Short Breeding Test

PARIS (AP)—The death of Whirlaway, one of the most colorful horses of American racing, has cut short the first major attempt to breed American speed with European stayers on French soil. The one-time Calumet thoroughbred who won the Kentucky Derby, in 1941, died Monday at the Frendlay Farms of Marcel Boussac. A ruptured nerve tissue was reported as the cause of the death of the 15-year old "Mr. Longtail."

Frendlay is one of the most lavish breeding establishments in the world and its master, a multimillionaire textile merchant, is the leading owner and breeder of Europe.

In the late 1940's Boussac conceived the idea of reversing the trend of transatlantic thoroughbred breeding. Boussac has sold several of his best horses to American syndicates to be used as stallions. In 1950 he reached an agreement with Warren Wright of Calumet to lease Whirlaway for three years.

A year later Boussac, already pleased with his new import, bought the chestnut outright. Whirlaway died with the success of the experiment still unknown. His first French colts are coming to the races this year since two year olds rarely are raced in Europe.

A son of Blenheim II and Dust-whirl, Whirlaway set a yet unmatched Kentucky Derby record of 2:01 2/5 for the mile and a quarter and became the first horse to pass the \$500,000 mark in winnings with a \$561,161 total.

Whirlaway's lifetime record included 32 victories in 60 starts with only four out-of-the-money finishes.

### Salem Township

The Friendship club was entertained Thursday by Mrs. Fred Sitter and Mrs. Paul Farmer.

Mr. and Mrs. Hicy Cook and Mr. and Mrs. Samuel Yerger of Morristown, Pa. were weekend guests at Alfred Lee's.

Mr. and Mrs. Paul Stewart and David of Westerville spent Thursday at Glen Farrington's.

Jim Burgett, Mr. and Mrs. David Burgett and daughter of Millersburg were weekend guests at the Achsah Stewart home.

Mr. and Mrs. George VanFossan entertained Mr. and Mrs. Lee and grandson of Elkton, Miss Marjorie Holloway and the Van Fossan sons and daughters, Easter.

Consistory of St. Jacob's Church met Monday evening at Frank Carnes'.

Mr. and Mrs. Lloyd Farmer, Mr. and Mrs. Himer Zimmerman, Mrs. Warren Zimmerman, Mrs. Betty Boston and Mr. and Mrs. Galen Zimmerman visited Mrs. Ida Zimmerman during the past week.

Mr. and Mrs. Walter Warrington and daughter were Sunday dinner guests at Thomas Warrington's in Damascus.

Mrs. Walter Barnes was returned to her home Sunday from the hospital in Salem.

David and Brenda Wilhelm have had the measles.

Mr. and Mrs. Warren Zimmerman visited Mrs. Sylvia Dedrich of San Antonio, Texas, who is a house guest in the Lawrence Hadley home, East Palestine.

Mrs. Martha Cope, Mrs. Stella Mellinger, Mrs. Charles Wilhelm, and Mrs. Marie Carroll were in Wadsworth last Wednesday attending the funeral of their cousin, Alice Baker.

Mr. and Mrs. George Boston, Mr. and Mrs. Richard Hussar and Mr. and Mrs. Ralph Zimmerman spent Sunday at Warren Zimmerman's.

Mr. and Mrs. John Welsh spent Saturday evening at Oland Baker's in Elkton.

Charles Stelts and family were Sunday dinner guests at the Donald Stelts home in Salem.

Christ Mission will collect in the St. Jacob's district April 25. Mrs. Ivan Harrold will take calls.

pitching prospect from the Pacific Coast League. But this promise never was fulfilled, as a bursitis shoulder prevented him last season from helping the Indians.

Lutz, a Warren, O. boy, led the Eastern League in batting last season. Both of them left the team for Daytona Beach training camp 10 days ago.

Yesterday, the Indians sold outright the following five players to Indianapolis: Outfielder Herb Adams, pitcher Bill Abernathie, third baseman Al Smith, shortstop Harry Mamlberg and first baseman Joe Macko.

As for the varsity, things are looking a little better. Tuesday's 1-0 Cleveland victory over New York's Giants broke a four-game losing streak and the Indians now have an 11-6 edge in the spring-time series.

The big show was Early Wynn, who pitched the best game this season of any Cleveland pitcher. He allowed two singles in a row in the second inning, then retired the next 15 batters.

The spell was broken when he walked Whitey Lockman, but he got Alvin Dark next to conclude his seven innings.

Steve Gromek allowed one single, by Hank Thompson, in the ninth, during his two innings.

### Gallardo, Bassett To Fight Tonight

WASHINGTON (AP)—Dave Gallardo, who takes on "interim" featherweight champion Percy Bassett in a 10-round bout tonight, says he'll win "if Bassett is willing to fight."

"If he runs from me," continued Gallardo, "I'll still win."

All of which did not keep Bassett from being the pre-fight favorite.

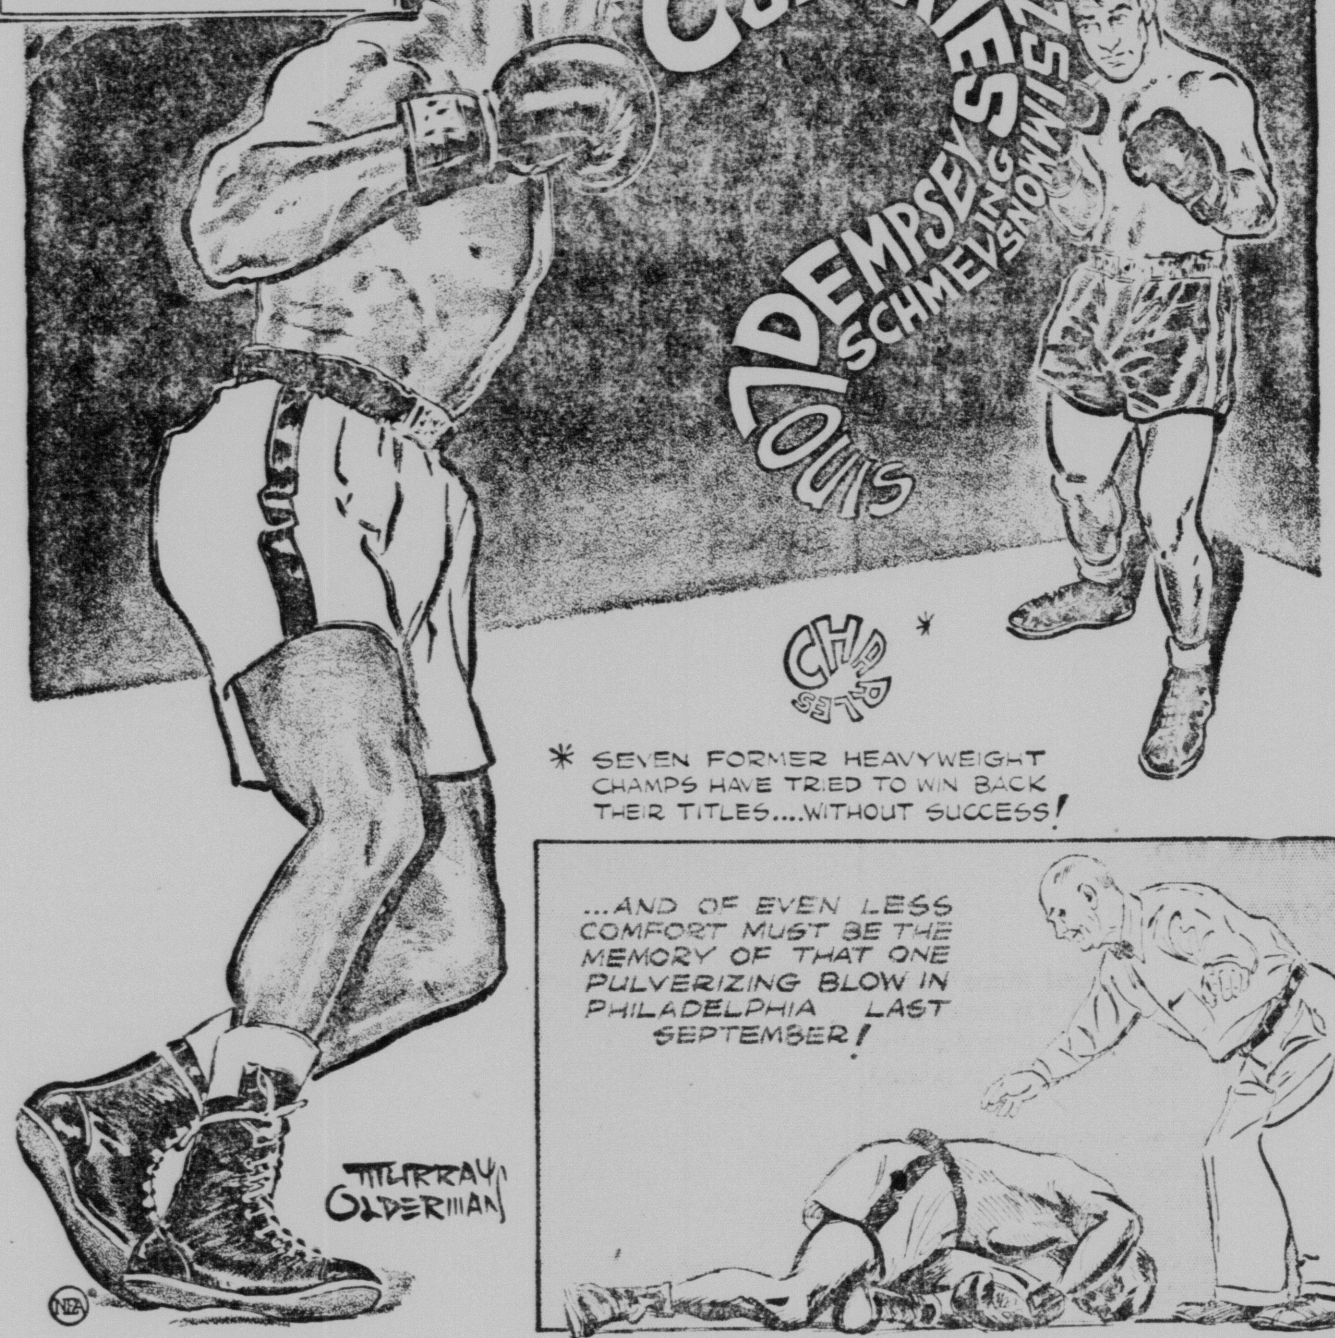

Gallardo, 23-year-old Mexican from Los Angeles, has been undefeated since 1951 and has a string of 11 wins last year to bolster his confidence.

The fight, beginning at 10 p. m. EST, will be televised nationally by the Columbia Broadcasting System.

### TO PLAY GAMES

HIRAM, O. (AP)—Hiram College said today it will play seven football games next fall, one less than last year. Dropped from the schedule were the University of Akron and Marietta College. Added was Indiana Central College of Indianapolis.

AGE ISN'T THE ONLY QUESTION MARK FACING **JERSEY JOE WALTOTT** AS HE BIDS TO REGAIN HIS HEAVYWEIGHT TITLE FROM **ROCKY MARCIANO**...

### Wins Hockey Tilt

SAULT STE. MARIE, Mich. (AP)—The Sault Ste. Marie Indians, spurred by their first victory, will try to even the count with Cincinnati tonight in the senior U. S. amateur hockey semi-final playoffs.

A late third period goal by Ron Rubie gave the Indians a 3 to 2 win over the Mohawks here Tuesday night to narrow the latter's lead in the best-of-seven series, two games to one.

### GRID COACH RESIGNS

LOUDONVILLE, O. (AP)—Dean Trimmer, 28, football and track coach at Loudonville High School for three years, had resigned to

accept a post at the new Marion Franklin school in Columbus. His football teams here won 20 games, lost six and tied one.

### FIRE DAMAGES GYM

AKRON, O. (AP)—Fire caused an estimated \$15,000 damage Tuesday night to Crouse Gymnasium of the University of Akron. The 65-year-old building is to be replaced by a new \$1,200,000 gym. Ground-breaking for the new building was scheduled for today.

### STRIKE IS WEEK OLD

AKRON, O. (AP)—Akron's bus strike was a week old today, and no negotiations toward settlement have been held since the walkout. None is scheduled.

Of every eight tons of freight hauled by railroads, one ton consists of shipments of raw material to the steel industry or of finished steel to consumers.

## Milwaukee Holds Big Welcome For Its 1st Major League Team

MILWAUKEE (AP)—Milwaukee became the home of the Braves today with a rip-roaring celebration.

The welcoming ceremonies started in mid-morning and were to continue into the night as thousands of Milwaukeeans looked over their big league baseball team for the first time. Spring school vacations laced the crowds with youngsters eager to see the players about whom they've only been able to read until now.

A red carpet stretched across the union station trainshed when Manager Charley Grimm and his squad arrived at 10:05 a. m.

Outside the depot automobiles awaited the players for a parade the length of Wisconsin Ave., the city's main downtown thoroughfare which has been renamed "Braves Drive" for this week.

It was in mid-summer last year that Grimm was called up by the parent Braves from his job as Brewer manager. Last March 18, Lou Perini's plan to shift the Braves' franchise here was approved by the National League, the first major league move in 50 years. The Brewers went to Toledo, O.

This afternoon the Braves were

to see the new five million dollar County Stadium which will be their home. A short workout was scheduled, too.

### SIGN BROWN CONTRACTS

CLEVELAND (AP)—Guards Cleo Wallace of Winston-Salem Teachers College and Ken Murch of University of Santa Clara—have signed Cleveland Browns contracts to play professional football.

## Tommy O'Connell Signs With Chicago Bears

CHICAGO (AP)—The Chicago Bears were feeling their oats again today: They had prize prospect Tommy O'Connell in the fold.

Signing of the star University of Illinois quarterback Tuesday drew optimistic pronouncements from George Halas, owner-coach, whose onetime terrors of professional football have had lean seasons recently. Said Halas:

"We look upon him as a key man in our rebuilding plans. We expect him to be of great help to us immediately."

## Senate Split On School Subsidy

### Committee Urges Big Increase In Funds

COLUMBUS, O. (AP)—The Ohio Legislature's Republican majority wobbled briefly Tuesday from the effects of what the leaders privately termed a sneak punch. But they rallied quickly.

They warned a Republican-Democratic coalition which recommended Senate passage of a school subsidy bill 25½ million dollars higher than the reported GOP policy figure:

"If we can't work out a school bill under the present budget, there won't be any school bill."

The fight between the anti-tax Republicans and the Ohio Education Association—the school lobby—developed Monday night so suddenly and with such bitter determination that it practically left legislators gasping.

The control of the Republican leadership over the coming legislative program hangs in the balance. The action of the Senate Education Committee in recommending a school subsidy 38 million dollars above Gov. Frank J. Lausche's budget figure brought into the open a battle almost without parallel in recent legislative history.

Legislators seemed unable to talk of anything else.

The three Republicans who joined with two Democrats to recommend, 5-3, a pared-down version of the 272 million dollars OEA bill, stood their ground and indicated the Legislature may expect to hear more from them.

They are Sens. Oakley C. Collins (Lawrence), Ross Pepple (Allen) and Robert Pollock (Stark). Collins indicated particular displeasure with a statement issued by Sen. Charles Mosher (R-L-rain), chairman of the Senate Education Committee. Mosher's blast Tuesday:

"As blitzed through the Senate (committee) by rump coalition, the amended OEA school bill is

concocted of liquor and log-rolling. It is expediency confounded."

Collins told a reporter he expects to take the Senate floor this afternoon to reply to the Mosher statement.

The Republican leadership's threat to ignore school legislation this session came from House Speaker William Saxbe (R-Champaign) after a conference with Senate president pro tem C. Stanley Mechem (R-Athens).

Unless the Republicans sponsor a new school bill, in the next two years the subsidy will be only about 215 million dollars—the sum Lausche recommended.

The House is willing to increase the Lausche ante by about 12½ millions but the bill recommended for Senate passage calls for 253 millions, some 25½ millions above the House figure and only about 19 millions below the amount the OEA wants.

Saxbe called a meeting of a 29-man house policy committee late Tuesday to face the school subsidy crisis. He reported the group voted unanimously against new taxes. The action concurred in a Senate caucus vote last week.

Seven bills were passed Tuesday, four in the House and three in the Senate, including measures to:

Redefine "divided highways" on which vehicular traffic need not stop when approaching loading or unloading school buses when approaching in an opposite roadway.

Give gas companies the right to condemn land for underground gas storage.

Modernize Ohio laws governing manufacture, processing, packing and storage of foods, drugs and cosmetics.

Allow Ohio commercial canneries to can other products than fruits or vegetables during the off-season.

The House received a resolution by Reps. Robert Johnson (R-Medina) and James McGettrick (D-Cuyahoga) asking an investigation of the Ohio Medical Board. They want the three-member investigation committee to report by June 30 listing irregularities and suggested remedies. Johnson said the request is based on reports the board has refused European-educated physicians the right to take examinations which would permit them to practice in Ohio.

They are Sens. Oakley C. Collins (Lawrence), Ross Pepple (Allen) and Robert Pollock (Stark). Collins indicated particular displeasure with a statement issued by Sen. Charles Mosher (R-L-rain), chairman of the Senate Education Committee. Mosher's blast Tuesday:

"As blitzed through the Senate (committee) by rump coalition, the amended OEA school bill is

## Cities Urged To Plan For Huge Increase In School Enrollment

NEW YORK (AP)—You can expect to see a whopping 30 million pupils to school from now, says Dr. N. L. Engelhardt Jr. noted educational consultant.

If present birth rates continue, says Engelhardt, associated with the research and educational consulting firm of Engelhardt, Engelhardt and Leggett, the United States by 1978 will have 13 million more pupils than the 1952-53 enrollment in kindergarten through the sixth grade. He made his comments after completing a school population study for his firm.

To meet this staggering load, he warns, each community must do its long-range planning now to insure top use of its facilities and finances then.

As an indication of things to come, Engelhardt says, "Heavy kindergarten enrollments this year are the result of the large num-

ber of births in 1947—but 1951 broke 1947's record in births, and 1952 has set an all-time high."

The full effect of these figures—between 1947 and 1952—will not be felt in the elementary schools until 1958. Junior high schools will feel the full impact about 1959. Enrollment in senior high schools, climbing slowly at present, will increase sharply following 1961.

This means, Engelhardt says, that for every six elementary classrooms in use in 1952-53, your community's schools will need, within five years, an additional room—or more, if you have not been keeping up with enrollment increases.

For every 100 pupils in junior high school today, you may expect 140 by 1961.

For every 100 pupils in senior high school today, you may expect 150 by 1965.

## Health To You

By EDWIN F. JORDAN, M.D.

### Causes of Cold Sores Discussed

Cold sores, appearing at frequent intervals, are a troublesome ailment. The medical name for cold sores is herpes simplex, and the cause is a virus which is a small living organism too tiny to see under the microscope.

Cold sores are most common around the edges of the lip or the nose. Why this should be is something of a mystery, though the mucous membranes and outer nasal passages are perhaps more sensitive to attack by the virus.

Herpes is particularly common in association with colds or fevers of almost any kind. Too much sun, fatigue, and other things are also often responsible for their appearance.

The virus causing herpes is closely related to the virus which causes encephalitis (American sleeping sickness or brain fever). When the herpes virus is injected into rabbits, it may produce a fatal form of brain infection in those animals. In human beings, however, cold sores hardly ever lead directly to inflammation of the brain or encephalitis, and worry over this is unnecessary.

An ordinary cold sore does not

need to be described since everyone should know what it looks like. Herpes may occur occasionally, or be of the frequently repeated kind.

When herpes accompanies another disease, the cold sores generally disappear as the patient recovers. In a few people, however, cold sores keep coming back again and again entirely unrelated to any obvious cause.

This is probably because the virus remains in the tissues and only becomes active when the circumstances become favorable for its growth. The lesions are somewhat uncomfortable as well as being unsightly and those who are troubled with frequent attacks are miserable.

Treatment of such cases is not always easy. Protective ointments may be helpful. Small doses of X-rays have been used and may prevent future attacks.

One of the most interesting forms of treatment which has been tried in recent years is small-pox vaccination.

The smallpox vaccine is, itself, of course, a virus preparation and why it should have a helpful effect on cold sores is a little difficult to understand. Nevertheless, in many cases of herpes simplex, smallpox vaccination has had a beneficial effect in preventing the cold sores from coming back again and again.

## Doctor Honored For Risking Life In Medical Experiments

CHICAGO (AP)—A young doctor who believes that man eventually must be the final test in medical developments was honored today for risking his life during two years as a human guinea pig.

In the course of numerous medical tests, Dr. Lloyd T. Koritz has been hung unconscious from a telephone pole, kept unconscious 11 straight hours and put on a 30-day ordeal of eating a pound of raw liver daily.

For his work in various experiments while a University of Illinois Medical School student, was chosen to receive the award from the Walter Reed Society, meeting in conjunction with the Federation of American Societies for Experimental Biology. The Walter Reed Society honors individuals who have risked their lives in medical experiments.

"I guess it's necessary to prove to the world that research is not all just cutting up dogs, as many people seem to think," the young doctor told a reporter.

"New drugs may be excellent with animals, but eventually they must be tried on human beings," he said in explaining why he volunteered to be a human guinea pig when 24 years old.

Koritz, now 26 and an interne at Cook County Hospital, said the worst of his experiences was eating

raw liver daily for a month in studies of liver metabolism. "I had to gulp down a quart of milk to be able to keep it down, and after that I didn't have much appetite for anything else."

## THE SALEM NEWS Beginning Monday

## U. S. To Fight New Red Move In U. N. Battle Over Disarmament

UNITED NATIONS, N. Y. (AP)—

The United States was reported ready today to fight a new Russian maneuver in the long-deadlocked United Nations battle over disarmament plans.

The General Assembly was due to consider Russian amendments to a proposed resolution continuing the work of the U. N. Disarmament Commission. The Soviets want to take out instructions for the commission to base its work on previously approved — but Russian-rejected — Western proposals for supervised, step-by-step arms reduction.

Some delegates viewed Vishinsky's amendments as a compromise offer because, though they threw the commission's deliberations wide open again, they did not specifically restate the Russians' own proposals for immediate "third arms cuts and bans on atomic and germ weapons."

The Americans, however, feared Vishinsky's efforts to knock out the proposed endorsement of the commission's previous work, if successful, might be employed later by the Soviets as a propaganda point against the Western proposals.

The Americans said they would vote against the Russian amendments. It was believed most of

their Western allies would do the same.

Though some saw in the Soviet amendments at least a softening of the usual Communist approach to the long-deadlocked disarmament question, there seemed no suggestion at this time that the Russians in their astonishing new peace offensive were ready yet to accept Western proposals which would call for lifting the Iron Curtain to allow complete international control and inspection.

Vishinsky told newsmen, however, he would not repeat in the Assembly at least the old Soviet demands that the Big Five reduce their conventional arms by one-third immediately and ban all atomic and germ weapons.

Russia's delegate on the disarmament commission can bring them up there later—and probably will. Should the Russian amendments be rejected, the Soviets are expected to vote against the resolution continuing the disarmament group. It appears certain of endorsement by the Assembly, however, and the Soviets are expected to continue sitting on the commission.

Russian Delegate Valerian A. Zorin told the Political Committee yesterday Moscow would not press details of its old germ warfare charges against the U. S. if the Americans would drop demands for an impartial investigation. The Russians also want the Americans to ratify the 1925 Geneva Convention banning bacterial weapons.

## Committee To Approve Standby Freeze Plan

WASHINGTON (AP)—The Senate Banking Committee appeared set to stamp its approval today on a 90-day price, wage and rent freeze for use in a big war emergency.

The committee plans to finish its closed-door work today on drafting new economic controls legislation. The freeze proposal and rent controls are the only two major subjects left to be voted on.

Committee Chairman Capehart (R-Ind.) wants to begin Senate debate on the measure next week. He thinks Congress should complete action on controls by April 30 when part of the present Defense Production Act expires.

## Greenford

The Greenford basketball banquet will be held Friday evening, April 17 at the school. Coach George Hunter of Mount Union will be the guest speaker. Members of the P.T.A. are sponsoring the dinner, and tickets are available from the coach.

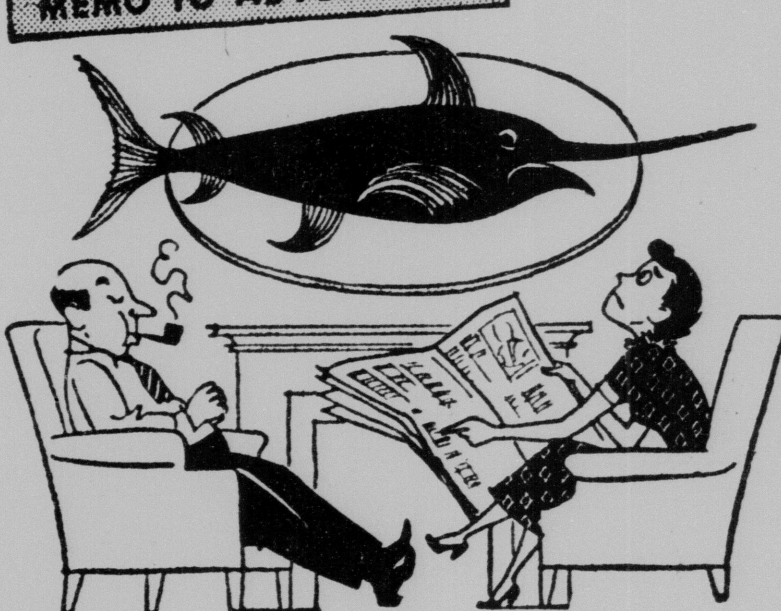

Mr. Barnes, music supervisor, Mrs. McMillan, Mrs. Roger Zeigler, president of the P.T.A., and Mrs. Myron Charlton are membership chairmen. The public is invited to attend, as proceeds will be used for the benefit of the school through the P.T.A.

Robert Dressel, Gertrude Roller, Dorothy Reed, David Roller and Raymond Bush were among those who enjoyed Easter holidays from college.

## Obituary

### Anthony Gregor

Anthony Gregor, 64, of Westville Lake died at his home Wednesday at 3:10 a.m. following a three-year illness.

He was born in Coldcreek, Colo., but lived in the Westville Lake area for 38 years. He had been employed as a millwright by the

American Steel Co. of Alliance for 29 years.

He is survived by his wife May; a daughter, Iverna Scott of RD 1, Salem, and a son, Carlyle of Alliance and four grandchildren.

Funeral services will be held Friday at 2 p.m. at the Myers Funeral Home in Alliance. Rev. Edwin Bars of the First Methodist Church of Damascus will officiate.

Interment will be at the Fairmount Memorial Park.

Friends may call at funeral home Thursday between 7 and 9 p.m.

## 6 More Enter Rural Spelling Bee Finals

The stage was set for the annual rural school system's spelling bee finals Monday as six more youngsters were selected at a district bee held Tuesday at West Point School.

The six winners yesterday complete the selection of the 24 who will compete at the finals at New Waterford High School. Other dis-

trict bees were held at Fairfield, Knox, and Highlandtown.

Jane Puscher, a seventh grader at Rogers, and Edna Elliott, a sixth grader at the same school, were named winners in the two divisions of the bee held at West Point. Other winners in the seventh and eighth grade group were Marjorie Shaw, eighth grade at Calcutta, second; Evalyn Neville, eighth grade at Elkton, third; and Don Marcum, seventh grade at Calcutta, alternate.

Winners in the fifth and sixth grade bee were Shirley Todd, sixth grade at Rogers, second; and Caroline Davies and Patty Wolfe, sixth graders at Calcutta, third and alternates respectively.

The winners from the 12 entered in the seventh and eighth grade group will qualify for the district bee at Steubenville May 1. The 12 in the younger group will vie for the county junior title. The winners will receive medals and all will be given certificates.

### Assembly

Continued From Page One

the commission would pay out 40 millions in interest "before it takes in a nickel."

The senator told the committee that the commission "rigged specifications" to eliminate competition on cement, steel, pipe and guard rail. He claimed the specifications were altered when word got out that only certain firms could meet those specifications in bidding for contracts.

"The magnetic power of the concrete lobby must be great, indeed," Danner told the committee.

Gov. Frank J. Lausche, who appointed the four-member commission, also came in for a round of criticism. Danner said the governor had only praise for commissioners despite disclosures about their acts.

### Dairymen's Group Will Meet Saturday

Members of the Salem Local of the Dairymen's Cooperative Sales Association will hold their annual meeting in the Salem Grange hall Saturday at 8 p.m.

In addition to election of officers, the program will also include showing of a movie and a luncheon.

## Perry Grange Dance To Aid Pool Fund

Perry Grange will sponsor a round and square dance Friday night at the grange hall. Proceeds will go to the Swimming Pool Fund.

The public is invited to attend, and there will be card games for those who don't care to dance.

### Wall Street

## All Sections Show Generous Advance

NEW YORK (AP)—A generous advance today in the stock market extended to all sections of the list. Gains of between 1 and 2 points were frequent in key areas. Losses were small and not concentrated.

Volume was cut back sharply from previous sessions, however, and ran at a rate of around two million shares for the entire day. Railroads, steels, motors, utilities, aircrafts, coppers, oils, and merchandising shares were among the best performers.

Higher stocks included Bethlehem Steel, General Motors, Chrysler, Studebaker, Montgomery Ward, Boeing, United Aircraft, Radio Corp., American Telephone, Kennecott Copper, Eastman Kodak, Westinghouse Electric, American Tobacco, Santa Fe, New York Central, Southern Railway, Sinclair Oil, United Air Lines, and Celotex.

## Big Rise In Battle Casualties Reported

WASHINGTON (AP)—The Defense Department today reported 1,039 additional battle casualties in Korea, the largest weekly rise since last November 12.

The additional toll, reflecting the recent bitter battles for Western Front hill tops, raised the war toll of American killed, wounded and missing to 132,967.

The 1st Marine Division reported 554 of the week's casualty increase, including 95 of the 183 who were killed in action or died of battle wounds.

The Army's share of the increase was 440, largely borne by the Seventh Division fight for "Old Baldy" and its supporting heights.

## Navy Dedicates Park To Pearl Harbor Hero

HONOLULU (AP)—The Navy Tuesday night dedicated a baseball park to James Richard Ward, 20-year-old Seaman First Class who sacrificed his life for his shipmates in the Japanese attack on Pearl Harbor Dec. 7, 1941.

The boy's parents, Mr. and Mrs. Howard Ward, flew in from their home at 222 Ridge Road, Springfield, O., for the dedication ceremonies and barely made it. Their plane, 12 hours behind schedule, landed only an hour before the dedication began.

At the airport to meet Mr. and Mrs. Ward was one of the men Jim Ward saved, Chief Gunners Mate Thomas E. Adams of Durham, N. C.

Trapped in a gun turret aboard the sinking battleship Oklahoma, Ward stayed behind with a flashlight to light the way out for his shipmates.

He was awarded the medal of honor.

### POWs

ed prisoners—a reason suggested by Daniel.

2. The Reds may claim some of the Allied troops they hold have embraced communism and decline repatriation.

3. A final, and more dismaying explanation, may be found in the Reds' policy of "liberating" captured soldiers at the front. The Communists have captured many more U. N. troops than they admit. Some Allied estimates place the total at 65,000.

More than a year ago, at Panmunjom, the Reds explained the discrepancy by saying large numbers of captured U. N. troops—presumably South Koreans—were released at the front.

Allied officers believe most of these men were drafted into the North Korean Army.

Since any disabled captives would hardly be drafted for war service, the U. N. might reasonably expect to find a higher proportion of sick and injured in the Red camps than would be normal if the Reds had interned all their prisoners.

If the Reds actually captured 50,000 more Allied troops than they have ever accounted for, the United Nations—applying the Reds' own proportion of 5 per cent—might expect to find about 2,500 more disabled Allied soldiers than the 600 admitted by the Reds.

The talks Wednesday lasted slightly more than an hour. They resume Thursday at 11 a. m.

## Ike Wants Year Of Reciprocal Trade

WASHINGTON (AP)—The Eisenhower administration wants a year of reciprocal trade bargaining under the present rules while it works out its own foreign commerce and tariff policies.

The President said so Tuesday in a special message to Congress, asking that the Reciprocal Trade Act, a legacy from the Roosevelt and Truman administrations, be extended a year beyond its expiration date, June 12.

Pending is a bill by Rep. Richard Simpson (R-Pa.), an influential member of the House Ways and Means Committee, which would extend the act, but with amendments curtailing the President's freedom to cut tariffs in making trade agreements with foreign countries.

## 14 To Testify Before Grand Jury Today

LISBON — The April term of the Columbiana County grand jury moved into a second session today at Common Pleas court in Lisbon.

Some 14 witnesses were to give testimony today in the 18 cases to be presented this term by Prosecutor James L. MacDonald. The cases range from assault to incest. The jury is expected to report Friday.

## Legislature To Honor Service-Men's Canteen

COLUMBUS, O. (AP)—The Ohio House of Representatives is expected to act in the next few days on a resolution praising and expressing the state's appreciation for a service-men's canteen at Lima.

Lima women for several years have met troop trains passing through Lima offering service men food and reading material without charge.

## Plans Completed For Educators' Dinner

LISBON — Final plans were completed for the annual spring dinner meeting of the Columbiana County Education Association at a meeting of the executive committee on Tuesday night at the court house.

About 100 teachers and guests are expected to attend the affair Tuesday night at 7 at the Salem Presbyterian Church. Dr. Harold H. Eibling, superintendent of Canton schools will speak.

Salem teachers have been invited to attend.

## Lovett Admits Ammo Shortage In Korea

WASHINGTON (AP)—Former Secretary of Defense Robert A. Lovett said today there was a "definitely unsatisfactory" performance on ammunition production for the Korean War and he "took it out of the Army's control."

"My patience was completely exhausted," he declared.

Lovett told investigating senators that when he took office as deputy defense secretary in September, 1950, Secretary of Defense George C. Marshall ordered an investigation into the ammunition situation.

But he said the first "inking" that he had a shortage in Korea was in September, 1951.

His was five months after Gen. James A. Van Fleet went to Korea in April, 1951. Van Fleet, retired commander of the Eighth Army, has testified there was a shortage the whole time he was in Korea.

Lovett testified before a Senate Armed Services Subcommittee which pushed ahead with an inquiry into reported ammunition shortages even though there might be a negotiated end to the shooting in Korea.

Lovett said ammunition was only one of a number of "desperate shortages" that included manpower.

## Hospital Reports

### SALEM CITY

**Patients admitted:** Sheryl House of Salineville, Carol Kile of RD 4, Salem, Walter Echar of Columbiana, John Gilchrist of Columbiana, Freeman Mentzer of North Lima, Frederick Bycroft of East Palestine, Edwin Johnson of Columbiana and Robert Balsley of 236 W. Second St.

### EXTENSION COURSE SET

LISBON — Lorin Ruff, assistant county school superintendent, said the Geneva College extension course in audio-visual education will be held at the United Local School starting next week. He said the next session will be held Wednesday at 6:30 p.m. instead of Tuesday, because of another county meeting. Eighteen teachers are enrolled in the course.

## Commercial Atomic Development Seen

NEW YORK (AP)—The New York Times said today the Atomic Energy Commission (AEC) soon will take a step toward opening the way for commercial development of atomic energy for power, through privately financed competition.

A Washington dispatch by W. H. Lawrence said the AEC will recommend to Congress that the federal government "end its absolute monopoly" on the possession and development of fissionable materials for production of atomic energy.

The AEC recommendation, the story added, will be with the approval of President Eisenhower and the National Security Council.

The impending move, Lawrence wrote, "is regarded as underlining the nation's desire to push the development of atomic energy for peaceful purposes, instead of concentrating on weapons."

### Sewage

Continued From Page One

brought to grade with eight-inch slag bases and two coats of chip and asphalt, plus the installation of necessary sewer and water lines at the cost of the property holders.

**Settle Lawsuit**  
Council adopted a resolution authorizing the auditor to pay Frank Dunlap of 145 S. Ellsworth \$560.45, plus a share of the court costs, in settlement of a \$10,000 law suit brought against the city last December after Mr. Dunlap fell on an E. State St. sidewalk and was injured.

Council President Ned Massa told the other councilmen that Mayor Harry M. Vincent was confined to his home with an injured back. In a few days, he said, the mayor will have X-rays taken to determine the extent of the injury. Mr. Massa is serving as acting mayor at the present time.

City Solicitor W. J. Hunston advised the solons to return the milk ordinance, submitted by the city health department, to that office for revision. The ordinance, he declared, was too bulky and detailed and "not my idea of what the city should have as a milk ordinance." Council approved Mr. Hunston's suggestion.

**Safety Service Director J. Arch Harwood** reported that four auto stalls, equipped with meters, would be completed at the new municipal parking lot on the Old City Hall site by the end of this week if the weather permitted. He said rainy weather has impeded work on the city's streets but that several alleys had been graded.

**Board To Get Letter**  
Council instructed the clerk to write a letter to the Salem Board of Education inquiring what the board intended to do about the improvement of W. 12th St. Councilman Carl Abe declared that the board had promised to provide a base for the street following its dedication last year but had not done so.

The lawmakers also instructed the clerk to write a letter to Pennsylvania railroad authorities requesting the railroad to repair the crossings here.

Water Superintendent Aubrey Hayes told council that the consumption of water in the city has increased somewhat, following the decrease evidenced after the passage of the sewer rental tax.

Council approved the vacating of an alley west of Granite St. and another alley north of W. 14th St.

The lawmakers accepted a recommendation by Councilman Abe that the southern approach to the Southeastern Blvd. allotment be changed in conformance with a new plat presented at the meeting.

Council also approved a recommendation by Councilman Herman Kniseley that five light poles be installed along the Southeast Blvd. The city will pay \$600 of the total \$1,217 cost.

### Orders Plane Inspection

WASHINGTON (AP)—The Civil Aeronautics Administration has ordered a propeller inspection for most of the nation's commercial airplanes "to preclude further hazardous accidents."

## Another Shipment Just Arrived

**1/2 off Washable Plastic Wall Tile**

EASY TO INSTALL IT YOURSELF! EASY TO CLEAN! WILL NOT CHIP OR CRACK! POPULAR COLORS!
